know about it before I didn't know about it before Like there was a recess I understand there's a lot going on There's a lot going on Is he over there Is he right over here Is he over there Is he over there Oh he was outside right there Do you wanna pause the stream so we can help her Ok Ok Uh it is a live show Um you know Oh wait Oh he's right That's what I thought He's right That's what I thought Who say see there Dylan That's what I thought I thought I saw Dylan Um listen you never know It's a live show Um you just never know Never know He's right there It's all good It's all good Um a mom you never know You never know Hey listen I lost my mom once and I was like mom mom Where are you She's like I was down the other aisle like she didn't care where I was I was the one that was like chasing up me and ma you guys met her last week Uh Never got never got lost Yeah I thought I saw him over in the corner over there like right there it's ok You're moving fast you're frantic and it's really important you know No and that's how oh speaking of I know this is not a child but yesterday I came home and after like working after the show and um Charlotte I couldn't find Charlotte anywhere I panicked I was like Charlotte Charlotte Charlotte's my dog What Lipstick Thanks Uh Thanks Thanks mom Thanks dad Thanks dad Um Yeah And so I was just like uh Charlotte Charlotte Where are you And then I couldn't find her I didn't panic because I was like how where would she go Maybe somebody came in and took her But I but then I like I did have a moment of panic where I couldn't find her and then guess where she was in your mind Like what do you think I kept thinking I was a terrible dog owner and like what happened What did you think Where did you think she was I didn't know but then I just thought if she's anywhere she has to be in the bathroom I always think someone stole my dog Oh well that was my first thought because like we were I having work done in my apartment and I was just like uh I was just like maybe she got out uh but everyone knows who Charlotte is So um so yeah luckily she was just in the bathroom so is so beautiful I think every day that someone's plotting to take her she's a blond haired blue eyed Are you thinking that about me too Yeah Yeah Yeah Sorry I didn't I was like what Yeah Yeah No I am Someone's planning on stealing my mish and my soul and you know why why am I looking at the pig here Can we get into this Oh no no no I don't even know what that is I don't even know what that is That's just on the on the ipad Anyway she was upstairs on the balcony She somehow opened the door by herself That's crazy Charlotte was just actually in the bathroom and she's chilling chilling But like when she saw me she peed a little and I felt so bad I got on the floor with her and I

gave her lots of hugs and I said I love you so much Adorable I mean it is until then you feel guilty that you leave your dog So like would you have the same reaction that Natasha was having basically um I've never had a child before so I don't know man I was trying to get you to go there Emily Um Emily's other uh half um well I would say hold to her Ho Dan shuffling is gonna be in the building We're excited for Dan Emily Is he bringing his uh Emmy I love you too I love you too We we wish that you were here Um and I love how she's like Charlotte Emily is such a good friend and I'll tell you what She's not only is she super talented but like also a really good friend I cannot tell you Andy this has happened so many times with the white dress the lace dress I have had to text Emily and say Emily I'm stuck in my dress Can you help me get it in that single people problems She is my neighbor Um and a really good friend The story of how Emily and I met is insane Do you you want to know the story You know the story right Uh Yeah So Dan Shep um who is gonna be on the show We really excited to have him on He's a director he's a writer Um and uh her him and her her Emily and Dan recently uh produce a really funny video um that has gotten a lot of views Its friends for dinner is uh the name of the uh comedic group But um to backtrack I was in a movie in Maryland about um a handful of years ago And uh I was um I was playing a role that was super intense which is so fun because you would never think of me Oh yeah I think you're getting to know me a little more that like I can go there Yeah I've seen your act and I've I've acted with you before It wasn't intense You were in an elevator like like but you weren't yourself No I wasn't really like a character Yeah Yeah Yeah A lot of people think that like I was just playing myself but I was playing a uh a heightened version of what would you say Did I play a heightened version or a different person You played a heightened version of yourself Um Definitely for sure Uh You definitely filled the part perfectly Um But uh so in this role uh they did a recast a re shoot and I was cast to play this character that like literally just went off the rails And um and so I did this whole movie it was really great And then um and then Dan Sheff who just walked into the building um worked on the music and he got to see he got to see my performance um based on the other person's performance and a little partial So you're screaming at him He like he used to it She said she went he's used to it Um But it was really crazy It's really crazy because uh so Dan sent it uh a Facebook message and said I have to let you know you brought the character to life Um I never Dan and I never met um like after that movie I moved to Los Angeles and then out of nowhere I sent uh Dan a um no no

Dan sent me a message because I had just posted Charlotte Chronicles on our um on the um oh so you didn't know you guys were living on the same floor until you posted Charlotte I didn't no this is wild This is where it's like I think everything is super connected I posted in our um on our building our building message board right Online Charlotte Chronicles has just come out we filmed it here I hope you guys subscribe and like it I get this message out of nowhere from Dan She and he goes Michelle I think we're in the same building we're in the same same complex And I was like really what building are you in And um and he goes same one and I was like no I was like get out mind you This is like 10 10 years I'm going by and then and then you know I I'm very lucky and then um and then it's crazy Um Then he was like what floor And I told him the floor and he was like I'm on the same floor and then I quickly um got to you know connect with Dan and Emily and Emily's in the chat Um so you want to say hi to Emily Dan is here He says hi Emily He'll be up shortly Um but we were just talking about how that uh experience all happened Right Right That's really I mean everyone comes to L A to be alone together So you're together you did it the other day Who first got here You probably heard it Dan It's just a thing when you get to L A everyone's like welcome come be alone with us You know because like you feel like you're part of a group there's a lot of aspiring other artists here So you feel like you you you're like home but at the same time you'll go Tuesday Wednesday Thursday Friday and with no plans and not having seen a soul It's weird It is always a little weird like that So it's you know really uh beneficial that you actually ran into a dear friend of yours Yeah I'm I'm super it is awesome and it's just awesome to have him on the show We got so much uh so much fun stuff going going on Um I don't know if this is fun but we have to bring this to the attention Donald Trump is under arrest I swear my mom would be like going bananas right now She if she were alive for this she would be like if she would have a party she would like get some like cupcakes Huh Listen if you're a Trumpster I don't want to know I don't want to know what Trumpster means I respect every president you've ever had I just respect them all I didn't say I didn't say he didn't respect him because when people call him a Cheah I feel very upset It's like a cheetah People make fun of his skin and it's like weren't we just obsessed with making fun of the last one We can't make fun of anyone's skin Not not Donny t no one How much I'm so glad my mom is not alive right now because she would she would be like I love Kyle but I love Kyle but a big big butt And you award from historical Black Colleges No no I'm sorry we're going there This is not

MS NBC people But what I have to say what I have to say is that like everything he said about women is so wrong and everything he's done with women is just above and beyond What I thank you from me And what I have to say is that anyone that talks about any woman's appearance that is that looks like that guy You gotta get arrested in my opinion you gotta get arrested I'm glad you said that anyone that talks about women's appearances should be like that that look that look like that OK One you just talked about his appearance So that's a double standard The double we just spoke yesterday about how another woman bashed Gwyneth Paltrow's appearance It wasn't ok with that Ok But you didn't say she should be arrested You know don't I never will be But you know what I respect you so much that I would love to hear you out not on the show but about why you love Donny so much I love him I didn't say I love you You are such a dichotomous Won't go on here I just respect him because he was the president and he did a lot for the country I'm not saying I love him He there's a lot wrong with him He's insane The man is probably incapable of being a president although he did he did do some good some a lot of bad lot of lot of good What can I say And that's a possibility It's not all bad it's not all good Like we gotta we gotta like you know be realistic about it I have to But was he a bad president Yes you respect them because they're a president Yes Why not Listen Listen I will say when we needed Nixon in order to we wouldn't have had certain things if it wasn't for Nixon we wouldn't have been so scrutinizing over presidents No you were you were when was in office Apparently was not that the inside joke But if you are not getting out of the any of those inside jokes Make sure you follow us at good underscore Day live on Instagram and Good underscore Day live on tiktok Oh boy here we go here we go MSNBC Watch out We got a new show for you and you need certain things to happen to progress Like like like entourage Yes people are people are coming after traffic thunder people are coming after Let me ask you a question Let me ask you a question What Char Thunder was nominated for an Oscar OK Just for an Oscar doesn't mean that it was not It was there was a black face on the movie and I love it All right OK All right It was they used it to make fun of black face not to boost up black face It was very well done It's a very smart movie and people are just complaining to complain these days I got to be honest It's just you trying to victimize yourself I'm not I'm saying in general it's like what are we complaining about Emperor's New Groove has been a proper New Groove What is it It's a Disney movie that David Spade starred in and it's now it's under fire It's a Disney movie Most Disney movies are

under fire What do we got Here we go OK Here we go here we go Here we go Emperor's New Groove is under fire because David Spade played the main character who is is an Aztec Ok What's wrong with the want to do you know any funny Aztecs Just I'll wait wait I don't know any Aztecs There we go I'm just saying if we know of readily available someone that has a Aztec background That is as funny as David Spade Let's hire him But if not just hire David Spade Like let's let it go We're getting too we're getting too I think I think I lost you I lost you but I'm following you and I respect you I'm just what did you what did you lose Did you lose me I think I just lost on the fact that like you still call him Donny T Donny t it's like you were like in a backup band with him or something like a cover band on Tuesday but he was like nine or 10 rap videos before all of a sudden he was racist Donald Trump Let me hear you know he was in the do the research what You know who's always been racist Who I can actually pull video video up over being racist Don't pull it up He said he said and I quote Joe Biden said in 2020 said if you don't vote for me you're not black you're not black Joe You can't say that I will say this I'm not giving anyone any space for things that we would never say that orange is the new black is what he said Ok let's be real That's exactly what he said It's kind of funny but he's not black orange is the new black is a clear joke Joe thinks Joe thinks I'm actually going to take him seriously when he says this he thinks I'm actually literally went up a couple NATO Did you notice that Arkansas is Absolutely I'll never Absolutely absolutely Welcome to MS NBC on Amazon can make fun of No and not just listen the guy has done so much It's like listen I when he was he when uh we got the back the backdrop just changed and and he is like I got bored He like turned away He's like to have a conversation with my doorstep Ok I'm just I'm not completely endorsing Trump I'm just saying there's a respectable there's respectable parts and and there's disappointing parts like everybody like everybody I can find disappointing parts about Obama Oh God No Oh please don't like come on everyone has good and bad parts Yes I almost don't even know how to I'm sorry We got too political wearing red white and blue So I I need to like hold like a torch like Lady Liberty No but I I will say when he was elected president I was a little bummed as a lot bummed Um And I remember like exactly where I was Why are you laughing who I was I remember where I was and Snl did a great sketch of this and like I don't know if you guys like were who you voted for or what you were I was so excited the day of I was wearing my like stars like dress and I had like these big circle sunglasses with the American flag and I was like girl and I was

like we're gonna have a female president and I'm bouncing around all day It was like 26 It was 2016 right November 2016 like bouncing around and I was at Whole Foods and I had like the biggest smile on my face and this woman was standing next to me was like it's not gonna go well for us And I was just like like it was like this premonition Like she just looked at me she was like it's not gonna go well And then um I remember that night I was at a bar all dressed up I was so excited like watching like the numbers come in I'm so so excited and then my friend Christopher goes he's gonna win And I remember like this like shrinking feeling and then started to feel like oh my gosh all my friends most of my friends are of color and of different ethnicities And I was just like oh no like it's not gonna be good I remember that night we were like eating like Thai food And then my friend Christopher was like are you black by the way because it's not just black It's it's Asian it's it's Mexican it's people of color I I'm colored I'm white Like I just you know what I mean Like women have color with the OK Anyway um I'm very careful Um and so we're eating Thai food and remember my friend David and I were looking at each other and we're like uh we're gonna be able to do this again Like we had this like really weird sinking feeling like this doesn't feel right And our friend Christopher was like oh mcdonald won and we were just like uh and then I remember thinking OK it's like being being on a plane with a pilot and and wanting him to fail I was just like I'm gonna root for this guy because if he is the president of our country I'm going to support this person I don't want to talk about it anymore But I just want to say that I never ever like wanted him to fail because that would be saying like I want my country to fail So when it comes to respect that's where my respect I believe that But that's true Like to be on a plane and to for at least for our country I all patriotic today to not want our president to succeed is basically saying you want our country to fail So I will leave it at that He is under arrest and that is the news and I wish my mom were for that It's not good news It is the news it is the news but we arrested a president for the first time in history We were embarrassing He embarrassed a lot of people He's telling he evaded taxes and how to do it In the same week large developed countries have made a coalition without us And in the same week we're arresting one of our presidents We just don't look president anymore We just don't look good We always look good as a country We're not looking so hot right now We we do as Americans We dress better we eat better We look better Just 150,000 He deducted off his taxes Stormy Daniels Let me ask you this Has anyone else done it Do people get away with it all the time Yes But do people go on

national stages and talk about how they got away with it Huh Correct Right I've got speeding tickets I don't call the people out for it like he was speeding Also Listen to K as a BK as a B I'm sorry Karm as a beat And sometimes it ends with a porn star He did ask for it He did ask for it He's like Kanye he was like Kanye he was just like he's like he's like I can say anti Semitic things and no one could touch me He's like yes they can sir And they will they will like a perverted 45 year old who's never been married Move on to something else that I don't know I don't know I didn't mean to I don't know Let's change up the topic Um I'm calling sick because I'm having an eye problem I can't see myself coming into work today but it's just my yi I just I'm trying to look back at myself and see No good No good Um this one this one is great This is how my week is going so far This is how my week is going so far Here she goes Dan Shep is in the building He knows exactly because uh I too love the coffee She makes great lattes but go ahead Sorry she does this often No no no no no I'm being disrespectful Go ahead No no no it's not Right I was I was blurting All right All right we can move on Uh we're moving right along I love this girl Look at this This is some feel good news Here she goes Pretty girls walk like this Look at her look at look at the little like she got a little like hip you know actually I I found out that I have like a slight scoliosis slate It's like very very very slight So that's why I walk with like a little bit of like a like a tilt Did you know that I walk with like a like a legally blonde tilt Hilarious Um what else What else Oh this is super exciting Barbie fans everywhere Get excited because the Barbie movie just trailer just dropped Um It will come out on the 21st of July I will be having a Barbie the party You're welcome for my birthday party Kyle Are you coming You you'll be there Will you go will you go see the Barbie movie with me One of the movies is Greta Gerwig Dunk because I feel like I've loved her movies Uh Lady Bird she was she directed Ladybird Um She also did uh three little women Yes I think three little women Um uh I would have to pull up my IM DB I'm not sure you want to pull up your IM DB and look up She's got a you said that this this movie has already gotten Oscar buzz It's got a little bit of Oscar buzz Yes it has I don't know if it's real or not but it has that's so cool You know what else is buzzing around Andy Did you see This is Ray just opened up Her fourth coffee shop in Los Angeles is Ray is not only the creator of insecure on HBO but she also has her own production company You don't know who is Ray is Oh boy you got to stay tuned for that She's off she's in she's in the new Barbie movie coming up Um But she started her own studio on youtube called Diary of an awkward black girl

youtube I remember there was something back to you No no she started on youtube Yes But what's really cool about her is when she was 14 years old she went to a um taping and if you don't know who is uh yes it was a taping and she won the scripts I too went to a taping and I too won the script and I remember taking that script format and I used it for when I wrote my very first sitcom That's cool That place And in the 2018 contest at UCLA for no reason at all The house that I moved into when I first moved to California Yeah Yeah Yeah It had the entire script of my favorite movie underneath the couch That's weird There was an entire script of Pulp Fiction just underneath the couch That's weird So I just read through it and I had never read a script before Like a movie script Yeah it was really cool And what did you do with that Did you take it to the sign Yeah As a son correct Um Kyle's got Kyle's corners Kyle's corner is up right now What do you got Well we all know we don't know How does I'm beginning to believe I'm almost a little bit of a Genz No I love my dog It is My child is Jen saying that these are their Yeah they love their dogs and more than their partner Ie they're they're never they're never gonna have Children Ok Jen is just gonna have dogs I'm pretty happy about that Yeah whatever Yeah they love What why am I upset Oh what Ok Maria's video Here we go Um Yeah go on be Ro ky I'll take over How are we doing This is cool I got really excited when I saw this Um This is super cool Yeah this is super cool I saw this in in real time and uh on Monday I wanted to play it but Natasha wasn't here was it She wasn't here on Monday correct I'm like blanket Yeah she wasn't here on Monday because when I saw it I was like holy poop and that's what I said Um when we played our game the other day All right let's get to it Uh This is super cool Uh This is the before um listen I wasn't there so I can't really give any credit to what is going on other than I'm gonna say that this is the beginning stages Natasha our Natasha who does everything from production to lighting to sound to making us look good She also made Maria Nuno look really good and look at the studio This is this is a garage Um And she's done everything in our studio to make it look just as fancy This is so cool I mean it's so cool Like you never know The magic of studio place is so cool You just never know who's gonna come in Um and Maria had come in for an interview and um they just like vibe What happened Where's Natasha What what ah here I'm gonna pull it up on my phone Kyle t keep talking No Shout out to Natasha She's one of our team members Maria Menos Garage apparently turned into a studio by our team member Natasha If that was not clear Right Yes Wait wait what did I say Was it No no no no it was pretty clear OK I was just

more method Thank you OK So this is this is uh not to cut you off but this is what I saw Um This is Maria saying this is the first day of their studio So so so cool Um She's walking in she show it she's showing the digs uh is what you say right The digs showing the digs the elevated stage I love the elevated stage I think that's super cool Um And then they've got like a little round table section if they want to do like any like work My favorite part is coming up though Oh what's your favorite part They got this uh She's gonna turn to the left That's the sign Oh I thought my favorite part was Steve Natasha But OK that's your favorite part Well also they got this they got this cool couch with a window behind it It's really nice Oh yeah Yeah Yeah I mean can you believe this is a garage No I can't That's insane The lighting the wallpaper the design look at that I guess it's a green room They make good use of that space over there See that there's a there is a ring camera I think Cool cool cool I wasn't sure I gotta keep an eye on things you know You do you do You do I mean this is my favorite part That's so cool I thought that was so cool That is so cool She deserves all the attention That's really cool Yeah that's super awesome I love that I know we don't get to hear anything other than like oh is Natasha not here Maybe she's like look at each other Like I was a little but I was just like she like but she left us I wouldn't be butt hurt you but like you got sent I am sentimental too but it's like you like having AM AM studios That's M AM studios baby Michelle I like your mirror at studios Uh What's the slogan again For women I like it You're missing you're missing It's never it's never too late No one has past their prime That that it's um um yeah it's never too late in all studios All studios all stories Uh Everyone has a story Um And I think a lot of people at least in in women in media feel like after a certain time in their life it's not they're not relevant That's been the narrative for the last millennia Yeah Um And so actually a story that I wrote called Senior Hour which is about two senior citizens that meet in the line of a grocery store during COVID um placed in a contest and the show was called Senior Hour I would love to film it It's really fun Um And uh did really really well So I'd love to film that Um I got a lot of awesome shows in the pipeline including Amelia Earhart Yeah Amelia and me Yeah me Yeah Amelia and me It's about how Amelia Earhart Um how one woman connected with Amelia Earhart Um and it's like Julie and Julia where the girl connected with uh uh I can't talk but her story was just like she got up on a plane She flew she got lost but there's a lot a lot to it There's a love story There's a love story decisions that Amelia made Amelia did not want the 2000 mile stretch transmitter She wanted like some two smaller one for some

reason Yeah she she she just didn't want people to know where she was going And I'm thinking maybe she went somewhere with her lover I feel really bad only because there was another guy on that plane We don't talk about him at all He was lost also Yeah The lover got lost I think the lover her Navigator I think so That would make sense Isn't that a good story though Her Navigator What if what if I'm just throwing this out there What if Amelia's husband had something to do with it I don't believe she was married but what a murder mystery kind of thing Maybe you like that You like like you like how the wheels turn you know how the wheels turn Uh oh hey Brandon how are you doing Brandon Just said hi just joined the chat We're talking about all the fun things that are happening in a studio place You know what else is fun having Dan shuffling in the building I want to get him on but before we get him and I wanna pull up why he is uh gracing our stage not just because he's a friend of mine Um but he just had this hilarious We're gonna talk about it Dan a hilarious um show come out or short come out Um And it's so cool here Check this out awkward silence Why can't I find it then She Emmy winning director Would you like winning director shorts features commercials music videos What's your what's your thing Talk shows are his thing That's cool I like him Why can't I find it Oh that's why Sorry Friends for dinner Uh recent short My man Dan Shep has done uh we've we've made a short together before I still have it It's hilarious Why can't I find it shaved half his mustache and he like oh man it's always good to have like a really fun director who's down to like experiment Not just like this is what it is It's pretty fun Instagram Yeah Well we're having a little trouble pulling Wait it's not on Instagram I thought you guys had friends for dinner on Instagram All right Well you know what I'm just getting ahead of myself I'll show it when he comes on Don't go anywhere We got Dan Shep in the building with his lovely Emmy award that you did not break that thing doesn't settle Yeah be right back Why can't I find it Maybe it's one word So here is our Jackie Unbox it you wanna get it charged up You use this fantastic charger over here This is the output over there and it has an extra cable like this with the ability to charge it in your car So that is really cool So we have it all charged up It has here You can press on the display You can see now that it is not drawing any power It is not bringing in any power and it is 99% charged which is cool So as you want to use all your separate things you can turn on the little lights and it will show you as you can see there that now you can draw power out of them or you can turn them off just like you would at home if you do if you wanna leave something plugged in but not having a draw

power there you can turn it off So let's have some fun and see what our Jay can fire up So in the past we have used the Jari to light up our lives with go we have charged our cell phones and we have done a few other things But oh we've even lit up the Arrow Garden How amazing is that that we were able to light up the Arrow Garden But today we're gonna push the query to the limit and uh we are gonna take a look at the this works What's this This works That car vacuum Awesome Very cool And we could even take a look at Tabi used it and uh how amazing is this Oh my goodness You can just keep on going and going and going You can get into every little look and cranny in your car with all of this How awesome So this is what we're gonna do We're gonna stick it into our Jari Let's do it this way So you guys can see what I'm doing Turn it on It's a little light and the display have gone on because we are about to fire this up Thank you Mr Jackie There we go That is cool So let's see what else we can fire up Today I mean that you can I mean that is just so cool You see powerful vacuum Jay fired it up Let's have a look at some of the other things that we can um fire up today Let's see Yeah we got it So let's try the LaVoy Air purifier I mean this is a high power drawing eye item I think I would imagine So it's not something that you would generally plug into this little power port here Amazing if this works you know how incredible this must be So not only is the Jari used when you are camping or exploring the world in your RV or your car the Jakey can also be your backup power source for a disaster Um You know disaster preparedness The Jay is definitely something that you'd want to have in your home And like God forbid there is something and the air is not pure and now you're stuck in your home You've got no power You can't put your air purifiers on If there's a huge amount of dust in the air or if there's a big um you know like we are in California there could be a huge earthquake will bring up a lot of dust but you obviously want to still keep your lungs protected Let's see if the Jay not only will give us power but will also save lives So plug it in over here we'll turn it on and you can see let's actually put this up a little bit because you'll be able to see the lights So let's put that try and see if you can see that there This all in the name of Ok there we go So the little light is on and we have the did you see that Ok Turn it on let's turn on the light so you guys can see There we go That is it So we have our voit that is powered up You can see the lights are on over there and this is thanks to our Jackie How incredibly powerful is this Tiny little tiny little ba like tiny little box That is amazing So these are the cool things that we you're just tuning in for the very first time I'm Michelle Murad along with the lovely I

was doing and our buddies and thank you Yes Well that's all the time I have so thanks for inviting It was it was great Yeah sure I'll see you later and Emily is Dan's uh lovely girlfriend who we we love Yeah girl I got promoted It's it's a whole yeah it's like it's like a law firm You you put in the amount of time Yeah Yeah Yeah You get equity Wait are you guys engaged I don't know about it Ok All right I did have a dream that they got engaged Do you remember you remember that I had a dream that you guys got engaged And I was like so sad they didn't tell me So you text me about your dreams and I delete them Oh you're like all the time She's like I have this dream I'm like it doesn't matter I had a dream You were a goldfish Wrote a wheel barrel Alright cool Delete It's great That's so mean I don't have I don't have the room in my phone That's the problem I don't have that many tags that you told me about Like I usually just knock on their door way better I had a dream I need to talk to you about Uh thank God she doesn't text him She just knocks on his door It's Emily and Dan it's not just Dan I feel like I get two for the price of one No no good Charlotte Charlotte always goes over to their door when she escapes the apartment She runs to Emily because Emily is so good to her She's like give me another mom Emily's a good director also isn't she That's very very And uh yeah dogs are a good judge of character So it's true It's true They they stay away from me How did you how did you And Emily meets Yeah we met over the pandemic and it was like a really weird kind of time to like meet somebody Yes But yeah it was like over the pandemic and we just started hanging out and just you know it was one of these days I was uh I forget who said it just moved to L A What city were you guys when we were in Baltimore Yeah we lived in Little Italy in Baltimore with uh a good friend of ours and and we just like spent like this COVID winter live in this tiny apartment in Baltimore and had like minus the COVID had a lot had a lot of fun So when did you move to L A December 21 Yeah we were gonna move after um after the holidays but because of the the way the the rent worked uh we stayed with my parents for a couple and we we couldn't do it So we left her couldn't I tried I got to go I had to go I had to go So yeah so we we left like like a couple days before Christmas I think on visits let alone trying to stay there for real Yeah Yeah I don't blame you That's it So uh both being directors How does that work Do you guys like have similar interests Are you very different We're very uh very complimentary Uh She is um what's the word Talented Um No she she does she does like things that matter Like she's doing this amazing documentary uh about white supremacy in Appalachia Yeah I just when you

said that it just hit me what is she on a tangent Because I partied with you guys on July 4th and Emily had a moment where she was just like she was very adamant She's like a professor of the yeah she was telling me about my my new things to be offended about every day That's fantastic And it's great because I come from like a comedy side to me everything's funny and it should not be And and she reminds me to be a human and you got like a kind of Yeah So she takes she does like serious documentary stuff and I do uh we have the sketch comedy show and I direct comedy commercials I do really smart comedy Yeah Yeah Can we take a look at your really smart comedy I'm gonna pull this up Um Andy can you please roll the tape I can't believe John shot President Lincoln in the middle of our show I've never seen anyone get shot before That was awful before he got shot I stress this was a national tragedy The play was going pretty well Yeah Yeah Yeah Is it too soon No I don't think so I mean it's not like we shot the president at one point I think it would have been better if they let us finish it right I mean or at least let us back into the real theater Uh the audience needed to cheer for something after all that That is true It was a great crowd crowd And you Harry you my boy you were next level Oh thank you Thank you What is wrong with you All the president could be dead and I believe I just stressed that that was a national tragedy Not here You don't have to suck up to him Are you open to a few notes Your performance seemed a little shallow What He's still some president on you I don't mean to pile on here Martha but I didn't believe you at all I don't even remember the play I Yeah maybe that was your problem You think they're gonna cancel us I don't see how most of us we're electric A man could be dead Yeah they're not gonna cancel us if they saw the same show I did We all saw this coming from John Right Absolutely Yeah Yeah Oh my God always had to be the center of attention John Wilkes who has two first names or maybe it was two last names but he totally butchered that Latin when he jumped Oh my God I could not hear him over the laugh that you got so good Thank you He totally broke his leg though I don't think that's what people mean when they say break a leg But if we're being honest and this is a safe space right He's been a bit of a dick ever since his play didn't get picked up Yeah Yeah He scared me He would just add the out of nowhere Yeah that's that's not what I meant I got every newspaper in town Oh yeah There of course there's nothing in here about us It's just John Wilks this John Wilkes that I bet he's just loving this There's a small mention in the arts section but it says it was a play Well that's something to hang our hats on Right Is is there any word on the president is the president Ok Oh no he died

What Ok After Lincoln got shot in the face blah blah blah Uh Harry Hawks Effervescent as Asa Harry Congratulations you my boy Oh fantastic Well I I don't know what to say Um I just wanna thank you Mhm Where was that last night Where was that last night Did you write that I wrote that one as well Yeah I wrote it and it's yeah it was uh it was a lot of fun We have one coming out every week Uh after we this came out April 1st and then starting next Tuesday one we have six so far in various phases of completion It's amazing So awesome It's so funny Uh I I was I was walking down the hallway and I was like where are you going You and Emily were going off to go screen this So how did you start coming up with this idea and of creating your own channel and doing a uh a per week Because that's all that's quite an undertaking I think a lot of it came from we were just tired of not making stuff and and and it just felt good to make stuff again with with no real pressure no clients no budgets no deadlines and just get back to just one camera a couple of lights a couple of people And I I feel like I was missing that over COVID over the pandemic And so uh we just we started making stuff and um we worked with a lot of people at the pack theater It's a great improv sketch uh theater uh in Hollywood I think And uh it's put a thing on the Facebook and say hey I'm director I would love to start writing and film and stuff and like 45 people were just like wow I like this this running email list uh of people and we meet tonight actually and uh we pitch everyone pitches and we all vote Wait is this at the No no it's Zoom I zoom in on Zoom Yeah So everyone pitches and um and we picked the the top three scripts we got to make and then we saw some vote on it And so even myself like like I I pitched this and they voted on it and I the vote's blind So you don't really see it It's a lot of fun It's a great system I love I have to say when I saw this I laughed so much and then I sent it to you and you're like that's awesome And then I zoomed in and I I saw like the blood on the shirt It was like but it was like speckled It was very very subtle I mean what does it feel like to like just you know just write something and then see it be shown on a huge screen I think the the the very first time it was a commercial uh I had written and it required this actor to do this like New Zealand accent or something I can't do it But it it's a little bit different than you know when you hear it Yeah Actually he did he did a New Zealand accent because he couldn't do an Australian accent But um it was it was really weird He had like it blew my mind that he had rehearsed the lines and remembered all this nonsense that I wrote and he showed up and he he knew it cold and I was like it's just like wow it's a it's a really crazy moment and then as time goes

on you know it's really interesting People will quote things that you've that you've made or you've written and you don't remember what they're talking about It's like this it's like this weird disconnection um where someone will quote something and you'd be like that's funny What's that from And then you sound like a jerk You kind of have like a way of like creating something doing it and moving on Yeah you kind of have to It's like you know is that like a key you would say like not being sentimental about your projects to like be able to make more that's a attention deficit as well This is why he's so good No I honestly because you learn lessons from it of course But it's like uh I think there was a comedian once to describe it as like this fruit like quality where it goes stale after a while What like you leave it out on the counter and then after a while it it's just it's not fun to you anymore Like I have seen that sketch so many times Um And the premise is ii I think still funny but the sketch is kind of lost all because I know all the beats coming It's fun to watch it with people though It's like a movie you've seen too I feel like we didn't we didn't set up the premise because uh the sound in the beginning but it was it was the actors to Yeah Yeah I think that that's a good mark of a movie or a short film when you don't have to give a premise and you just like turn it on and we just get it get it Yeah Yeah Yeah Yeah Yeah The the the next one is uh Alexander Hamilton dying in a duel That was the premise of the MK But that might be a little too dark Oh yeah that was so dark so dark But you know it's so funny Yeah Like we're at and he was like yeah we can we can create this sketch You should be in the zoom Um yeah I mean the weird thing is it's like you you do a sketch like that and then it's like all right I never want to touch anything like that again and move on to something new But you could you could in theory be the uh rental car company getting the car back from Kennedy's assassination That's good That's good You have a K for this So what happened in the back Don't worry don't worry about it Mind blowing Mind blowing Actually um when you you know I have a partner who's so creative like do you just run things by Emily and say like do you think this is funny or like does she like give her like skin time feedback Well I think the the real tragedy is that like I'm always doing bits like while while we're trying to fall asleep or while like trying to work or So it's it's it's funny and it's amusing like like a carnival act in like a five minute spirit But imagine living with that 24 hours after a while you guys are meant to be Yeah Yeah I think she she wears a lot of headphones a lot of noise Canceling Hilarious Hilarious I mean I I would too I mean I wear noise canceling headphones Yeah but it doesn't shut out the voices It's amazing But

there's jokes in there It's so fun You guys are so fun I like working on our our barbie for like 10 Can we pitch that one again Yeah I forget what it was I think the premise was I was auditioning for Ken and I had gained £50 for the audition Yes And then we were looking at the head shot being like when was this And you were like I was going a different route for K and we were like no no this is the Barbie and Ken movie Like Barbie and Ken it was a desperate Ken and Kyle's part was going to be like he just like walks out with like without a shirt on He's like he just auditioned for the park We should we should revisit that obviously if we can we did one where you shaved half your face Oh and like I was a friend that like had was tell you not to do So you were like you were like you should try to grow a beard or something Go halfway That's right And the bit was that I shaved half That's right Yeah he was like five o'clock I was like oh just about halfway and he shaved half of his beard off his face It was great It was great Yeah I think like four people saw it but it was completely worth it for those four people Yeah I love that You know you know what it is for me with views It's like sometimes people will take something down because it's not getting enough views But I've seen plenty of videos go viral like a year later That's that that's why you do make make something and move on because if you're watching it too much it's like a boiling pot That's not true A boiling If you watch a boiling pot it will boil like that's and and you get to watch the entire phase of the boiling Like it's a very detailed at the water You find yourself watching well it starts with the steam and then it moves a little bit and you get a couple of bubbles We got you know a class a physics class I had no idea Getting back to uh just your your criteria What made you want to be a director because you like acting So what made you stand Actually That's funny I I've never acted really hot shirt I am wearing shirt You know I know that the first thing I notice about that Yeah you have a sketch about your shirt It was it was well it was I think the premise was like I was brought into hr and they were letting me go because they had to let go of like all these sales people and and they they they made up criteria to let go of the one sales person and the one woman was I just don't like your hot dog That was that was my that was my life I don't like your shirt I didn't like your choice of shirt I just don't like your shirt You no this is a game that I got yesterday from our lovely producer Andy Wellman Uh because we love games on the show Um I know you're a big you're a big uh watcher of the show So you've seen all the past episodes all 200 Um This is uh something that we only do with our our favorite people We just got it yesterday Um But uh what's cool about this is that uh you have to be smart

and you have to be a good writer Do you think do you think those things It actually requires a lot of imagination and being a good writer Yeah Kyle was doing great You were doing great yesterday I didn't have any points Ok so you're doing all right Um And then so basically what we do is we pull a card like I'll give you an example This is a safe card This is the risqué card and you have to write something that works for both something you can say while playing video games And after getting pushed into a pool I have to dry off video games as well What kind of games do you play first question What are you I know you want to get out get out the thing that's bad you're fast Ok Alright so um we're gonna we're gonna each answer it we have a dryer race board and then um Andy will be the judge this time because we're all playing Um that's your dry race board you write your answer in there Still think I'm too large for your set This is why I can't get a motorcycle I think I just I love seeing big guys on motorcycles It's very American because I was I was driving here stuck in traffic and I was just imagining like weaving in and out Like I'm part of yeah but like do you know how bad drivers are here I would be scared for your life if you uh I feel like I'm big enough I would just bounce off Did you see the um those airbags they developed for motorcyclists So that just push you off like in a crowd it's a rip cord So if you fall off the bike the rip cord detaches from the bike and activates this thing that goes around you And where do you land Actually it doesn't go around you Technically it comes in the front and the back land where you stop falling No it's like a waistband and it just like pops this like balloon up in front of your face and the back of you So when you hit the ground Yeah they are so safe Those motorcycles somebody said they like oh thank you Abdul thank you Thank you Thank you It's Abdul right Is that good to good to see you Um we're playing a game um same but different right You can say when you yourself are you doing Oh ok You got two but you're you're playing that's fine Ok cool But he was reading it because they can't they can't Ok Ok Got it Sorry sorry sorry sorry sorry sorry sorry sorry sorry And can you get the music ready We're gonna get the music ready Um Kyle take it away Something you can say when you burn yourself and to the DJ at the club Interesting You burn yourself We gotta use this set for a comedy for sure I was thinking we could do like a like a comedy on the good morning stuff Oh yeah Like a dark comedy Yeah Good morning from the Apocalypse Look good morning from the ACA and like we're like all three So we don't know who I can't read my handwriting Thick He was a hello Two to go and he's like hang on Emily Give me Emily Ok Ok All right Here we go Uh
