she's in front of you know the places that she wants to perform at and that's commercial That's yes look her commercial Kim We love you We're so proud of you Congratulations Um next look look look watch watch watch watch watch watch watch watch Ok here we go And then her commercial That's awesome That's amazing I'm so proud of her I feel like uh like a like a I don't know her and she danced her way right to uh right into Times Square And we're so proud of her We're so so so so proud following your dreams We're all about following our dreams here Yes we are None of the naysayers You got that naysaying stuff You just head on right on Out of that interactive chat Yeah Right out of the interactive chat coming in hot today Kai is coming in super hot although you were also wet Um I got a lot of uh pop culture things to talk about I don't know if I totally agree with this Kyle but uh Steven Spielberg says that Maverick might have saved the entire theatrical industry That is a very big uh It was a it was a top seller in the country in the world I mean did it save the industry That's a that's a did Stephen work on this movie No he's not He's not He has nothing to there's no reason to push this But my point is what movie besides Top Gun Did you hear people racing to the movies for in the last three years It did I didn't see in you know I think in the last three years the last did you see in that are in like that we don't have Children So it's like we're not No What are you talking about That was a huge hit in it was a huge hit It it wasn't it wasn't as big as Top Gun It wasn't even close I mean it's they're different they're different The numbers say that they're different they're different entities But the numbers do you think if incanto was higher than him like then Maverick he would say in saved it That's the whole point That's what we're talking about isn't it It is Yeah Yeah And Top Gun just beat by a lot a ton It did it was it did numbers Numbers Uh no one came no one was coming to the theater like that I mean even Avatar uh was oh yeah Did you like Avatar was pretty good Yeah Yeah Yeah But I think it really start Top Gun really started the whole movie going experience again I mean they my gosh no seriously they they shot with like real fighter jets It was an actual cinematic experience And yeah I mean did you ii I can hear your um yeah in the movie industry So I'm sure you you're thankful you're just not showing it The point is is that like the industry was going downhill like a MC is almost bankrupt at this point Um no one was going to the movie theaters Um and was the one that brought him back I agree with Steven Spielberg on this one I do I didn't disagree I was just curious to hear your I said that's a lofty statement No I didn't disagree that I haven't seen the movie I didn't disagree I said it was a lofty disagree I just

said it's a statement a different movie Save the industry No I said I said maybe you said what in the last three years And I said in but you said that where people were like going to go because I'm almost positive she disagreed I'm gonna rewatch the episode How about that Uh Our girl who we talked about yesterday in the past couple of days uh deleted her in or not deleted her Instagram She's taking a break now after Selena on social media uh Selena Gomez is taking a social media break after surpassing Kelly Jenner as the most followed woman on Instagram shows it proves to show that you don't have to be active on social media to have a bazillion followers She's pretty active No she took a break She took a break for like a couple of years and then she came back on and now she's taking another break Uh but you know like with all like the comments of her weight and all that she's taking a break What do you think about taking a break from social media Could you do it 1000% I think it's mentally healthy Me too Especially when you get to a level Like Selena is the young girl that she is she's in the demographic that really suffers the most from like uh reaction from from social media you're talking about She's like around the same age as you a demographic Oh ok Ok Ok Yeah Yeah Yeah I don't think Selena in her she is she's in her thirties she's in her early thirties She just turned 30 Uh I think a couple of years ago maybe she just turned 30 Who knows I'm pretty sure she she's probably not even 30 You're just trying to make a point But the point is is that uh I think that it's healthy I really do get out of there Who cares Yeah Get out of there Who cares Not a big deal Boom Take a little break take a little break break Um and then oh no succession is ending on HBO after its upcoming fourth season Do you watch this show You know I just read in an article actually regarding secession I can't see it I say it's very important to always say Yep Yep Yep Yep Mental health is super important Take a break We agree with you Rosalinda We agree with you Rosalinda Um so you didn't watch I read a I I've seen a couple of episodes of succession and I just read an article uh what's this guy's name The lead actor not the older guy the lead the other lead actor I don't watch the show The entire cast came out and said he's too method and now there's this internal feud going on and I don't think HBO prefers the whole messy behind the scenes No they just like messy editing I'm just kidding I'm just kidding I'm just kidding I'm just kidding I'm just no no no no I was just kidding I'm just kidding They are pretty messy though They have no not cast in the film I said yesterday Save Space for Grace They said Save Space are great and they got Game of Thrones over here just like sponsored by Starbucks It was just it was a mess

it was a mess Um Secession Great writing Uh but I I do think I did read that a lot of the cast members were a little actually concerned for this guy this guy this guy Yeah Yeah I don't know if the audience can see this right now Um oh yes they can The guy on the left I forget his name But uh he's extremely method It's not like they're shooting the revenant or anything So I'm not sure what so what he needs to be seriously he's in a suit You're not in the woods Um but anyway uh even uh Mr Cox the guy on the right the famous actor uh mccauley Colin's brother behind him He's a little bit too method and it's really it hinders No it's hindering everyone else's I'm not they're not they're not getting too much into it But I think that's the reason why their uh secession is ending because everyone loves that show Yeah I I remember um uh my buddy um showed it to me and was like uh my family is nothing like this I was like I'm sorry what your family is Nothing like this OK It's like a humble inadvertent brag Uh My family is nothing like this Yeah it is I was like wait your family like what You wanna find a a less you know less way to like say my family is rich and that was at the point where I never even watched the show He was like no no no say those two sentences turn it off He he actually he I think he was like a fan of the show I have no idea But other than I tried watching one episode and I was like I can't it's not my not my taste I really love that guy in the big short He was in the big short I love the big short The big short was excellent It's a very uh informative movie it is in things you can learn infotainment we love in I like that Yeah dude Ok Look how cute this is um a baby boy who just started walking greeted his daddy with birthday balloons Kyle That's gonna be you one day Um Look how sweet this is Look at this little dude Oh look at his dad Look look at his face look at the little look at the little nugget nugget It must be wild to be a parent and see it go from that to like a 20 year old Left them off Yeah Yeah Be careful be careful Kylie you might have somebody come to the studio with a two year old that's like uh that's on two I think that's one a one year old that's like uh daddy it's daddy's birthday You got a kid I would not be surprised Actually I would be surprised because you're not you're not You never know No I know You know you're very responsible human Um You are you are super responsible Um OK And then this is what we have been talking about The Ohio train derailment has killed over 43,000 animals 43 What animals are we talking about You know that's not the only train derailment within the last two weeks either So you think two other huge chemical spills from trains in the last week I don't know what's going on You love you love conspiracy theories So what do you think is going on Uh you

know so I I did a commercial huh All right I gotta get controversial Here we go Here we go You guys are you guys ready Oh boy I'm not mom I'm so glad you're not here for the series And he pointed to the number time to do my job Right Here we go I did a commercial once I can't understand what it was called The um company was for was run by three gentlemen One used to work for MI-6 1 and the second one used to work for the CIA And the third one was a army ranger and they made nanotechnology uh for uh defense And we made this commercial and we started talking to the CIA guy just just you know can you tell us anything like cool you know what I mean And he put it in a really interesting way and I'm not sure I'm I'm sure this is the very opposite thing that he wanted me to do is to get on television and talk about what this what he said But it was just very interesting to hear like I can say this because I really can't say a lot but I can say that he said uh every single day there are atrocities and things that American the service of America is fighting against to keep Americans safe That's why I stopped watching 24 We don't tell you what we're that's why I stopped watching 24 It was too much because it's real it's real stuff Yeah Yeah Yeah we can't like you think the news is bad If you really hear what's going on we can't stomach it really We're not If you can hear it you're trained to do it and fight against it That's the only way you can really hear about some of these atrocities Um so anyway coming back to my conspiracy theory I think we how many train derailments have we had in the last decade With chemicals in it Zero in one week we have three screen off I want it all on you buddy around the time that you know uh who's it King John Un's sister is talking about turning the Pacific into a fiery war zone And uh you know we're just there's just a lot going on You count is going up I do think I honestly do think yeah the view count better be going up because I'm talking I'm talking about that conspiracy theory about chime in baby chime in Listen I think that here's my conspiracy theory and tell your friends to tune in because my face is you're so uncomfortable This isn't your lane You're not ready I think that there are cells within the country that are not American that are trying to weaken the country right before we get into the big thick of it Hm What do we think I don't know What do we think Oh you got just two you got two new viewers Three new viewers Kyle Wow He takes a sip of his trick It's hard work you know what I mean Yeah Yeah Yeah Yeah Yeah Um I know Kyle is Yeah Yeah Yeah Yeah Yeah And the CIA or the cell all the people in the cell are are over here Thank God we didn't give our address away I'm gonna that's true I um I look at this look at my face Oh Look at look look at our I I

together I love the water but not the entire demographic Another thing you know what I'm gonna get into it It's Black History Month and I'm by myself If this is dangerous water Are we ready for this All right here we go to my black people and my Americans everyone to everyone When someone goes aren't you black I'm like yeah but that's like a billion people That's not a culture that's like a shade There's like 17 cultures within the black culture right So I just implore people to start getting on that page where it's like like if I if I'm talking to a white guy I'm not gonna say hey you're you're white you're Italian you're Irish you're English There's a culture behind it there's a specific culture behind it Not just white you know black people We got we got to do better We got to do better We need we need like like Nigerian culture or Southern culture or North American culture North American African culture you know like let's get a little bit more specific with it because I hate being grouped with and I'm sure you guys hate being grouped with me So like let's get into it Let's get specific let's draw some lines and some borders Let's get real neurotic about it Huh I'm with it Anyone else Anyone with me on this What do they say Nothing Very good 66 view again Huh Double with the view Hm What what what are you gonna say Huh Now everyone knows this one Can someone call in and actually sing with me to this one Can we can we can we uh bring this up Turn my life into Pete says this is my last resort pepperoni You know Papa Roach the band Papa roach You never you never you remember the song Cut my life into pieces No this is great This is great This is my last resort No everyone Big song in the early two thousands No rock band Michelle probably remembers Yeah I will I will What did you say This is our Yeah Yeah This one this is the page 30 Let's see We got four people liking it Five people liking it Three legs There's no count No I got four people No same as like pretty good pretty good Here we are Had Good Day Live That was tiktok That was tiktok This is Instagram but that was all the tiktok Yeah Yeah Yeah Right Right I don't have a tiktok Do you have a tiktok Should I get a Tik Tok anyone in the interactive chat Like tiktok I'm not a big fan I I no no no no no Here's another conspiracy theory of mine Listen black people don't like um what is this What What's that That's a box Oh it's from a box It's Debbie Shout out to Debbie Um Another conspiracy theory chime in tiktok is owned like China is using tiktok to change our culture right It's a spy It's a spy weapon used by China What are we gonna do if China backs Russia into invading Ukraine That that is that's the only thing we need to start World War Three Hope you're having a good day This is why we need Michelle and Michelle or else we just go dark and

I'm not talking black like it's Black History Month I'm talking dark like dark like emotionally dark skin dark also I guess Huh No this is why we need Michelle two conspiracy theories I'm afraid for for I was I was in the bathroom and I was like hurry up hurry up because I don't know Like I say I know I know by yourself left on loose cannon I'm just in shock What was the conspiracy theory that we're talking about that You were talking about tiktok 00 boy and China has been I mean this is you can Google this China has been using tiktok to look at like what our teenagers what Americans are very we were talking about fishing as well Well we got into it because there's a there's a video I have of a black guy catching a fish and it was a little interracial fishing interracial fishing And we were like that's the thing This is the thing we do black people I was like yeah why wouldn't they fish That's literally why I was like said that I was in Africa There's probably loads of boats Tanzania loads of boats loads of boat loads of boats loads of boats loads of boats loaded with loads of boats boats loaded with people you know in Santa Monica No after that sewage spill you guys please be funny and not Um Oh Lord And we need to look at that You count Here we go I don't think it went out because of your controversy but it might I said are you sure you're not in eighth grade You don't know about the swimming What about the water Well we were like black people Stay away from the water but not all black people stay away from the water And then I got into how like all black people aren't the same because we keep grouping everybody in the same shade Not all white people are the same Correct Irish English da da da Yeah but there's also like there's also like scary like people you want to cross the street that are white like all all races But like I mean not all white people are the same not all some are Gangsters some are accidental some are real Some do it on purpose I tried to be a gangster once Didn't go off what it was an audition almost bit the water like right across no In the honor of black history Black story Oh my God Oh my God Oh my God It's fourth of July and drinking on the beach Gina and her friend who is one of my best friends Gina and uh Chris her best friend and they didn't Yeah I love swimming I is this the story where like don't it I jump in the water Give me the paddle Give me the paddle Give me the paddle It should just say we're not married at this point Kyle Not we're not dating It should say we're not married We do what we're done That was so funny Don't ruin it Don't ruin it Back to you babe All right Listen I jump in the water I go swimming I'm enjoying my day the way I want to swimming I got a full brush stroke Ok I'm getting my freestyles over the top right But I'm getting the brush stroke I want the I want I want

the I want the air right So anyway I like head all the way out there and all of a sudden a life guard pops up next to me like like I didn't even see him coming He just popped up out of the water I was like dude how long you been holding your breath What I'm just reading Go keep Yeah I am I know the end of the story you told me not to rope in it So I'm like what's up He's like are you OK I'm like I'm like yeah I'm fine Why And we're in the middle of the ocean I'm like I'm fine He's like 00 and he immediately gets like weird about it And I'm like what's going on He's like well there's a rip tide out here I can't now right There's a rip tide out here What are you doing He doesn't want us to look anymore Why I keep looking over there Yeah but I got a seat Ok I understand There's a rip tide over there and uh you gotta go back in So I so I was like all right fine There's a rip tide Let's race back in He looks at me He goes you wanna race Yeah Yeah you got your little boo you got a little help Let's do it So he starts swimming back in I was like what an idiot I just rode a wave back in and beat him Right So get back in and another life guard comes up to me and he's like dude I'm really sorry I'm like what He's like I was like what I was like because I'm black He was like I couldn't say it He was like he was like listen he was like we just didn't know if you could swim or not We saw you all the way out there We had to have you come back you look like you were drowning So then maybe you went too far There was a rip tide So they figured I didn't swim out there They figured I just and they were like black and like I was like I was like you know thank you because there's some black people who can't swim and it's not like I dropped a you know a two page informative essay on my life They don't know is a stereotypical racist or are they just trying to save my life That's a well let's let's lean into they were trying to save your life Yeah Yeah Yeah Yeah I wouldn't think of of race but again I am a white woman living in the United States of America That's not true There you go That's one of my biggest nightmares Drowning Yeah Not like not actually like burning Oh God You remember Didn't I tell you I feel like there's somewhere in your like it's interesting you think in a past life our fears like are like like I because I believe in I love I love this stuff Not like I believe you know I believe that like our souls have been here before not our souls but like yeah maybe we've been here before I feel like I in a past life you know it's funny when we always talk about reincarnation we always assume we were human No I didn't say I was human I was gonna but I'm saying like oh your eyes lit up You're like oh really What were you not butterfly Trillion chance in ending up in being a human on this earth Of all the other species you could be born

in like and be as a sentient being on this earth Gary B one of your favorite people One of his favorite odds He's like stop worrying about things It's like a 14 trillion chance you even were human What were what were our options We had options You could get a you get a dragonfly could be an elephant You could be you could be a snail You could be a dragon like some deep sea fish that never sees the light of day Who knows All right Well I'm glad that I uh I'm glad that I'm glad that I chose to be human You didn't choose to be human How much do you think you have I don't know you're making it sound like that There is anything You're lucky you That's where you express the gratitude I got a Michelle Mira I oh I do it every day What are you talking about You know you should do you wanna play a game You you done with your reincarnation 000 Yeah You didn't I didn't get to it You you did cut me off and I was like I'm done with the story Um uh No I listen to your stories Um Did you play the did you play the uh book challenge from yesterday No I skip that 10 well I can't see on the screen if it's gonna come up or not because the screen has been taken away from me Oh he did play it I showed it Oh OK All right So that's why it's that's why it's on repeat on my end OK Um Was I gonna say to you Oh Yeah Yeah Yeah Yeah Yeah Back to you babe Um in a past life Apparently I was an emperor or like a very very wealthy dude Yeah as a wealthy dude And I messed up so many women's lives Like I had a lot of like this is this is what you meet weird people in yoga in Los Angeles Hold on hold on Tell me I was a very wealthy man in a past life And that the reason why I had to work with so many Children is because I left so many women behind like that were pregnant with babies I know And I was like wait what And she said that my car my my karma in this lifetime was to take care of those Children I've I've worked with a lot of kids What do you mean How many um Ford Finn um Gabby Audrey um Sophia and her brother Um and then there were like three or four like yeah at least 10 Yeah I babysat a few kids Yeah But like I'm not talking about babysit I'm talking about like I was their like their their guardian Well not Sophia and her brother No but like I was more of like a so now let's get to the real it was more like a friend who told you this Oh some person at yo yoga Yeah I mean no So this is a funny story I had just uh my boyfriend at the time Sam uh had just broken up with me and No no I broke up He broke up with me but then I broke up with him What what what what this is a story that somebody told you years ago Yeah I remember almost everything almost everything things things that leave an emotional impact on me I remember I do what I do like an inadvertent dig somehow No no no no no no no

Remember I said no emotional impact Like like like like strong emotional impact A way of like cutting me at the knees before stop bleeding at your knees We love Zara Zara we love you We love you Zara um clinical psychologist uh therapist licensed marriage family therapist Um So it's on Amazon stop the bleeding from your knees My knees were bleeding all the time I love that Natasha pulled those books for us yesterday for the the book challenge is to she's like she's like and then like oh she'll say words It's not to your face Is she talking She's talking behind my back I mean I don't I'm just I'm giving you a hard time I don't know what she's doing I don't know No no no no no She's a very she's a very mindful person So like you can tell like when she has something to say it has purpose It's not just because I because I love to talk and there's not always purpose behind my speaking There's just well that's I was I just love to talk I love to communicate It's not always the most the most mindful thing such as this conversation right now No no no it is pretty mindful Um So back to the how I got into yoga You're very like I like this Kyle What This is the first No no I'm always like is he always upbeat and lay Not a beat 100 episodes You're not like this mostly Anyway Listen So uh Sam broke up with me and no and no he broke up with me and then like most of them do they were like take me back You're the one And I'm like I I said this I never said this I never well there's only three but like I said I said um I was like you are sick You cannot come back You're not welcome here Like in the minds because he had just gotten engaged to somebody else the day after he broke up Thank you for the content I used it in my um award winning uh original pilot The next day the ring was like this big he blocked me on social media My best friend we sent me the screenshot Found out my mom had stage war cancer that he was engaged to somebody else the same day No Oh I thought oh she found she found the ring because he didn't block her Oh right now she won't wanna be on she won't wanna be on air What She's coming on the show She well I don't think she she needs to be like she's not like an Adam Fried She needs to proper warning She needs proper warning That's a whole day That is a day That is a day So I so she sent me the screenshot and then um it was the ring was like this this small it was like a speck and I was like I started laughing I was like that's the ring And then he came back that night and he was like you're the one for me You are the one I was like no no no you gotta like this is not found that like indecision is pretty um common It's actually very how do I say um unattractive it's very unattractive to when a man can't make up his mind Well I kind of like it like it can the ego is like oh he came back you know what I

mean I love that I love that But like anyway so um I told him I was like don't call I was like I said this in a very dramatic way and I never have ever said this ever but I always wanted to use it one day You're dead to me You wanted to use that I don't see you want to use that I was like you're dead to me And then he never called me after that No I was at my apartment He like when he opened like he so I was in a building in a 19 twenties building and um where right on the same street where you stayed in a hotel when you would come visit L A which I thought was so strange We must have like crossed paths must have But like you know obviously just I had like I was thinking about it I was like there was this really attractive uh guy who hit on me once I could have but I just kept walking I'll never forget we were can I finish the story Yeah Yeah I did something very dangerous on on that street What did you do We were it was me and my friend who was in 29 Palms and we were searching out L A and he fell asleep from being you know he was drinking too much He went to sleep So I'm still at the bar You go to sleep I meet this back up in my hotel room I meet this person I'm talking like a dude I met like a dude within 10 minutes He was like oh come back to my place I got something cool to show you I go back to I kid you not I go back to his place He hands me a glass of wine I chug it OK And we and we we did we ensue to watch this short film of his for like 15 minutes And then I leave And I'm thinking to myself like maybe like two weeks ago I was like dude I should be one of Jeffrey Doer's heads 100% Like that's the that's the the one on one thing you don't do is meet a stranger go back to his place and drink something You haven't No Yeah you don't do that Don't do that Where's your mama at this point in China You know Well now she does Um So ok so um oh yeah that's true That's true Although I saw the bottle Listen if I'm gonna go it's not gonna be from some sweaty sandwich I'll tell you that Oh my God It wasn't salami Kyle It wasn't it wasn't salami It wasn't stop It wasn't it wasn't it was it in his book Sebastian It was a white piece of paper It was a white piece of paper It was the sandwich paper It was oh my God Oh my God I blocked him on Instagram Of course he did He was all right I don't know if he's cute or Jeffrey was apparently cute People ended up with their heads I was at the airport What was gonna happen to me That's a good beginning of the story you can do in the airport Let's go to the bathroom multiple times eating that random sandwich You insane You're insane Anyway anyway comes up here You look really cute Here's a sandwich First of all he didn't do it like that What No I didn't do it Like it was avocado I love avocado It was delicious What else was kidding I'm just kidding I did

that on purpose No actually called Kyle God Kyle to bet Bet you Um No So this is what happened So Sam um came back I told him you're dead to me Right Very dramatic I was like you're dead to me And then he was like he was like I'm sorry I love you And I was like you've been sleeping with all these girls I should have known you know and you're engaged in the by the ring by the way the ring is so small and then I was and then I closed my little pele because it would not open the door He was like we could open the door open the door and I was like no and he was like open the door and I was like no no but there was a little pele he pushed it in He and then he was like then he then he wouldn't stop calling in Yeah Yeah Yeah Yeah He was bad I had never experienced such like intensity and I thought it was like intensity in a good way And then I was like who was intensity in a bad way No that was a three that was a three year on and off Mike was seven Well it was on and on and off on and off Yeah it was like it was like six months on six months off He lived in Pasadena and I lived here You act like he was living in the Ukraine It was basically it's a 10 minute drive We would spend like the weekends together So it wasn't like anything Like it was just always like the two of us So I never got to see him in action You're in a relationship out there in America and you're seeing your significant other only on the weekends that person has another life Well I I saw him on action on set but I like never saw him like in action in terms of like the way he the way he was He's also a veteran Um he fought in Iraq So like I think there was also some like some serious stuff that happen No no no no no there's some serious stuff No he told me that he told me he in for six years he's happily married with two kids never cheated on his weapon I didn't say that the cheating was an excuse that we can do Ok talk to Joe Joe probably won't even give it to him if Michelle tells him the story All right Oh Sam won't give it to him Yeah he won't give it to him Can I tell Joe what he did to it Well I didn't finish the story You guys still don't know the whole story This goes on Yes So he called me I got something in my eye He called me like multiple times and then I was like I told my mom and she's just like just don't answer And so I didn't And then um I went to a yoga studio and I like shut my mouth for 20 minutes and sat on a meditation pillow and uh I I think no I'm about to get into the emperor comments That's that's what he's saying I know I know I'm getting Yeah Yeah Yeah Yeah All going back to the emperor Wild small ring poking in the people Yeah Yeah Yeah Yeah Yeah I'm getting it I'm getting it I'm getting to it and I'm getting into it I wanted to go to yoga So I like so I see what I saying Three conspiracy theories We need real we need real problems in the

world Yeah Hilarious You know what Go on Let me take the mic in the airport Wait wait wait wait I told you avocado It was so good I don't remember I just remember the guy you don't remember remember what was in the sandwich was just delicious It was avocado and I just like never never had a romantic story like that before You know you think that's a romantic story I meet you I have like something in my eye I don't know That's a romantic story You got a lot there's there's a lot of room for progress Kyle I met this man and he was totally married and he gave me a sweaty sandwich in the middle of an airport Love a true sight He cheated on his wife with a drink He said I would feel I would feel horrible Of course What do you order Um anyway so I went No Well yeah maybe you did get a Stella That's weird I don't remember that How would I remember that Anyway So we're ok It's a cheap beer It's not cheap It's not great but obviously I drink it but like he could have paid for a sandwich You could have bought her a new sandwich not giving him No no He said it He's like do you want more food He was like do you wanna sit down and have dinner And I was like oh no I'm good This is great and he was just like I'm gonna throw up He's like my kind of girl is what he said And I was like anyway so the one that's unbeknownst to your wife you mean All right So I didn't know remember I didn't know this type of girl The one in the dark this type of girl Wow you're making me feel so good about love right now Ok So back to the yoga studio that supposed to make you feel good sweaty sandwich and the line and the cheating is supposed to have a happy ending They didn't have alcohol with some random stranger in their house Oh yeah that was fun But that wasn't a love story Well the girl in the airport you know drinks No there's no there's no no 29 Palms Shout out on the way to Palm Springs They have a nice uh marines It's so nice and relaxed Marine base in 29 Palms Yeah Ok The marine base Well I like Palm Springs I do too Um anyway uh so back to the yoga thing So uh back to you Sam uh motiv me motivated me to go to yoga because I was like so sad And I googled yoga and up came up the studio called Golden Golden Bridge Yoga And I had never been to a yoga studio before So I thought it was just regular yoga Like the Golden Gate Bridge No Golden Bridge not Golden Gate Anyway it doesn't exist anymore Oh Lord No it is a yoga studio Anyway I didn't know what kind of So I went there and they like and the guy that was teaching the class had a turban on and I was like this is different you know different Nothing's wrong with the turban I just thought yoga It was like more like you know 23 you got to say after that nothing wrong with the no I of course there's nothing wrong with the turban I just

thought it was a little different because it's a yoga class I would expect the person to have a turban on what what yoga p all that stuff Pilates You expect them to be wearing a turban I cut myself in the middle of that word but like yoga for sure is like a Buddhist exercise in my opinion It sure So like the yoga that I went to I was thinking I was gonna like work out my body It was if I'm in L A sure I'll assume like some blonde and all you know that that it was a blonde and like well anyway it was like a blonde with a blonde with a No it was super weird Anyway after the class uh somebody came up to me and was like uh can I do a past life reading on you This is L A of course And I was like no it was a woman It was a woman a woman I don't know Was she picking me up who just comes up to random She she's like I can hear you I hear you She did say she felt like that I was very sad And anyway I just feel like she was running a game on you You pass life progression on me and you were an emperor Well think about it at three years old I wanted a shrimp cocktail Three year what three year old knows shrimp cocktail You knew what shrimp cocktail was at three I can guarantee you I knew what shrimp cocktail was at three years old but it's not a big thing I know what is at three That's an emperor's choice shrimp cocktail you can find at Ok It's not a big thing And Black Caviar Emperor's choice shrimp cocktail No Knock it off Yeah whatever Anyway So she said apparently I was like a very rich man in a past life and I slept with a lot of women women and uh knocked them all up and didn't take care of any of the Children She asked me she's like what do you do And I said I'm an actress and she's like what do you do for for money Right And I was like I'm a nanny and she goes she said you're gonna have to go She's like you've got a couple of years ahead of you before this is over And I was like huh like how do you know that It was really weird And then I did I did have a good amount of time before it was over I always thought psychics were full of it I've always wanted a psychic to be like I've been waiting for you and then to know my name That's the thing They're like what is psychic No If I walk in oh there you are Yeah Yeah Yeah Why don't they know your name And then also why don't they know where a good spot is for like their like location You know what I mean like so many psychics go out of business Like didn't you know that like didn't you know that place was not a good spot Psychics They're always in like some weird building that shouldn't be where it is with bars in the window Yeah Yeah Yeah What is that I did So I got a story about a psychic I got many stories Uh my best friend who owns a construction company he's like hard core This is Brand brand Brandon's like my brother I've known I've known him the longest I

never heard his voice I never heard his name Brand Like I know you brought him up before Ok Um Anyway he is like brand he's like hard core like Americano Wait is he wait who's the guy who's who's who's the guy who's the guy like the lumberjack guy where you were like I would like him That's Brandon Brandon's like a lumberjack guy Brandon cuts wood He's got a wife I actually set up with his wife You did No no Tell me I actually want to hear that story Yeah Yeah So anyway uh you know rest in peace because I loved her mother rest in peace Her mom OK I thought you were talking about his wife I was like shit She needed some solace over it She needs some solace over her mother passing uh frontal lobe dementia Oh yeah we were talking about oh no And um it was really fast for her It wasn't like a no she got diagnosed People die from that It's a it's a terminal thing Well I thought dementia was you just forget like who you are and where you are deterioration of the brain Depends on where it is Oh my God Oh my God Oh my God I lose a lot of body function So he uh you know they went through it it was a very fast progression for him Thank God Thank God Like nobody should have to honestly Yeah because nobody should see their parents deteriorate right It was like but it was it was extremely anyway Um she had a lot of peace from it It was it was a very rough time for her and uh peace to she was amazing woman Um So Brandon does not believe in psychics at all And Gina is like I need to go to a psychic I just feel like if I go to a psychic it'll help me speak to my mom And he's like yeah Gina because they're both named Gina Like the mom's name mom's name was Gina No her mom's name was Gina Her mom is Gina and then they name their daughter Gianna Ok That's a little nice Keep it in the family They're Italian they're like hardcore Italian So Gianna and Gina it's like come on like a psychic Really Da da da da da They go to the psychic and Brandon started tearing up when he told me this story And I'm telling you this guy does not believe in this stuff OK Tell me what you got This psychic called out The fact she was like she said that OK apparently the the dad of the the the dad of the mom Gina's grandfather had a white hammer that for some reason he literally like put in the wall and then plastered over it and it's a white hammer and there's no way anyone would know about it So why would he bring it up Bring it up bring it up She was like there's something white in a wall for some reason they both lost their because there's just no way to But why what was the point of bringing that up Uh For some reason Gena had to get the hammer out and there was a note with the hammer or something something but there's just no way for the psychic to know there was a hammer in the wall So the psych

knew something white She got the color right too There's something white and a white wall and you have to pull it out There's something like left the in there for like a whole generation but no one pulled it out and it was just this and finally pull it out Well she also said I'm accessing your mom bla bla blah blah And because she was able to know about the hammer they believed her about the mom and Gina really got a lot of peace from it Oh that's nice That's good So maybe some psychics do have a little bit of that Maybe they do I do think everyone has gifts and talents and abilities some more than others Some don't have it at all I feel like like took some shells and you had to shake the shells and then you threw the shells on the table That was cool That wasn't necessarily psychic That was just like what would you call that Like an energy reading Yeah Energy reading He uh he was checking your Chakras Kyle's uh Kyle's a creative shocker let's just say is wide open for business Wait I wanted to come back and do another like what's going on \$500 right Let's let's get him a oh yeah Invite him back on the show That's what I got for her birthday I don't know why you looking at him Why would she be looking at me Do you know I could ask her Ok He probably knows Do you know exactly He doesn't know He just said they're not doing one He doesn't know Andy knows but doesn't know Andy doesn't want to know That's like I'll tell and I be like I don't want to know I'm like yes you do He's like no I don't And I was like ok so you wanna hear how I helped him up Oh yeah the date Yeah Yeah Yeah Show me Tell me not show me Are you gonna hook me up with my person II I have a knack for it I was a matchmaker for like a day I thought you were like a matchmaker for a day I mean like probably about like \$8000 Wait what I thought you only worked with one person One person Yeah The the total was 10 grand per person I'm sorry what Oh yeah You wanna hear about my dating event Continue and I'll tell you about my dating I was um I think people think like I'm like a like a good listener So anyway um Brandon was like I was like I can't no Brandon was like I can't go out this weekend But Gene and a bunch of people are going out this weekend They were friends they were neighbors knew about each other They would never did anything And Jean had a boyfriend and like I was like all right cool I'll go out with them and I was younger I was like two or three years younger than them So I'm like 15 going out with like 18 year olds into Philadelphia They were 18 when they met They were Yeah Ok Keep going Good story And so you know Jena's boyfriend's there and Gina's like come in my car I'll never forget she got the Black Firebird I'll never forget that car Anyway I hop in her car and she's like she's like Kyle she's

like I need you to act like we're together because I want my boyfriend to break up with me because I like Brandon but she just met Brandon No she they were neighbors She's she's always OK Ok Ok Yeah Yeah And uh I was like wait say that come again like you need me to stand around so you can get Brandon and get out of that guy Why don't you just tell him and then tell Brandon so I can just like use less energy So I don't have to I have to do anything You know what I mean I don't want to get between this whole thing you know what I mean And then like maybe Brandon things like we're doing I don't know Um I'm just standing there because like fif 15 to 18 is a big gap So like the the way you're social was just very different So I'm just like standing there like all nervous and she is just like standing next to me She was just like holding on I'm like standing like this like oh my God you know and she's like holding onto my arm and the guy is progressively getting angrier and angrier Yeah until the end of the night he just leaves because you just wouldn't talk to him He just like left and he was like I know who this guy is and I'm like Brandon you owe me a lot because I don't know Yeah Yeah Yeah So then what happened And the next day they got together and they've been together ever since ever since How long is that Like 20 years Oh my God I was 15 20 years 20 years Wow Yeah And I got two kids His daughter has a crush on me She's like 12 She has on you She was like five I got her this dress I was like what's her favorite color He's like baby blue Cool great It's her birthday picked up some dress from some kids store I gave it to her Look at k apparently like that was like she was just like you got my dress you got a dress that fits me in my favorite color I love you I get a call from him one day He's like I'm gonna kill you It's like what No And like this is how we talk to each other He was like my white daughter has an interracial crush What's wrong with that He's a he's he's a father you know you you know you want your daughter and like this is how we talk to each other Like you know it's fine Yeah But you know it's just a little bit of a you know my daughter seems like this like big black guy It's like a little white girl You like my best friend So we were joking around He was just like I'm gonna kill you I was like what I do He was like Jena's got a crush I was like what No way My little white daughter has an interracial crush by the age of seven already Kyle Thank you very much We were just joking about it anyway I mean it would be fun to level two of dating You know Why is that Why is that level two It should be level one Interracial dating is not like we're not 1950 guys 2022 I mean I'm sure they will It depends on where it is but like that's you know it's acceptable to date You Come on my law in 2050 Did you see what

like the population is gonna look like It's all Nick Cannon's face It was all in the guy who has like 12 wives and like 100 and two Children It's 17 wives and 100 and two Children And he finally goes I'm gonna stop having kids because the cost is getting too high 102 Children There's a picture of all of them Let's play a game let's play let's play a game let's play 00 yeah So um so Kimmy Seltzer came over to the studio and we were talking about like creating a show for her Um and I was like let's talk about your immediate needs and wants and um we kind of came up with the idea that we're gonna do um a a live talk like um at like a vibrato Um It's gonna be called a Dating IRL Um And I'm gonna be hosting it with Kimmy Seltzer and it's an opportunity to learn how to like uh get dating confidence and um really put yourself out there and um and what's really great about this and we're not giving and we're not you know promising anything but like the whole point is like you never know why you are where you are doing what you're doing So you if you come to the events you might meet your person So like because everyone that's there most likely would be single and Kimmy is a very good Um isn't she Great She's in she's incredible She's very intuitive Like she's like looking at us being like what's going on here you know and that we have the we had the paddle at that point Yeah Yeah Yeah we had the battle Yeah we had the battle Oh yeah Would you come Uh So you're not dating anyone Ok So so do you think you need like dating confidence Yeah but you'll come would you pay \$30 for a ticket 30 bucks is not that bad All right Ok great Are you guys selling them for \$30 a piece I don't know Probably more Maybe 30 35 Yeah What do you think \$30 seems like It's like no nothing Right Yeah Like 40 bucks 50 bucks for what What does the ticket get me \$0.25 San Pedro was like cost me like 60 something dollars Oh yeah Yeah Yeah we're gonna we're gonna amp the price we're gonna ant the price answer What you it's an experience to uh be part of this uh live We're gonna film it too Um maybe at like a vibrato Um what does the ticket get me Well the ticket gets you we haven't like discussed the content but it's mostly about like dating and d meeting It should be five minutes with Kimmy Seltzer Um and then a possible option Yeah possible option is then you got up the price like 100 bucks Oh wow We're not really gonna they're gonna get some dating advice and then they're gonna possibly get it matched Anyone will pay 100 bucks for that You've got a lot of cheesy guys coming in but it's gonna be a monetary Yeah So you would say like 50 to 100 for like 50 is not worth it either for a dating advice People pay a lot of money for dating advice I know What did you do with that \$30 If someone was like you paid eight grand and

you still had a hard time with the \$20 burger A burger shouldn't be \$25 It's not about being cheap about how much money I have You shouldn't be selling a burger for \$25 unless that's Kobe beef I need Kobe beef Oh yeah Let's I it's probably not 25 It's probably more than it's probably more like honestly it wasn't I wasn't complaining about a \$20 burger The burger was pretty expensive and it wasn't like Kobe beef It was like grade a normal chunk Kyle maybe May you know what You wanna go to the nice guy for your birthday It was like chunked beef like my shoulder I had a shoulder in between a bun for like 40 bucks Like who do you think you are No wonder you could you could afford being Alaska It actually I remember when you told me I'm gonna take you to the nice guy and I looked it up and I was like oh this is this is pretty nice We ended up on the Yeah we ended up on the curb Um look at the money signs money money money money money signs on there Yeah And I was like oh this is a good place I just how much is it I see salads I don't see the burger Oh there it is The nice guy burger \$24 with no fries Just the burger and the burger is this big You see it is it is it up there That's false advertisement because they didn't the fries were not included Look they're not look it says right underneath You want truffle fries three bucks you want you want regular fries three bucks three bucks This is where Kyle and I went on our first date in our last I'm just kidding 25 bucks for a burger Like 100 bucks right It comes like a \$30 burger It's like a \$32 burger you know wasn't worth it What how do you say it looking at me like that The burger wasn't worth it Not the date the way you said it you looked right into my eyes and go Was it worth it Kyle Wow Wow Wow Yeah Mish don't call me Mish ever again Yeah You know I thought it was so weird that you call me something that somebody hadn't called me since the eighth grade I was like this is weird We got you've been dating for a month read it out loud No I hate when you do that You read it and then you make the decision that it's not good enough Not good enough They're ok before we go on about you don't want yeah you're on a second date and things are going well when your date tells you that he that you look just like their ex that happened to me Wait this is actually a good question We should but you wouldn't you wouldn't be with that person He would be with that person after a month I listen I don't want to think about it Um give you cancer in my nuts What everyone wants to talk about that But where's the wood Where's the wood You know I'm just kidding That's not wood Um what I have here Oh so I matched this girl on hinge like back in like August the question Sorry Uh you're on a second date and things are going well when your date tells you that you look just like her

ex Yeah Yeah Yeah Yeah Yeah Yeah Yeah 100% 100% Yeah Without that happening to me I would have been like yeah that's not a big deal But when someone actually does that to you you look like my ex like you're like what you look nothing like my ex It's weird when she said it I was just like that's weird So she has a type Yeah she got the type but at the same time So are you like yes or so Did you continue dating this person No you didn't because she said you look like a thing to say It felt like an over share I was like you probably have an over sharing problem like this doesn't this doesn't stop here OK Can I read one OK because you know you're always you're always dealing the breaks Oh I I literally just read the one that you were like no it was just the one that you recently got engaged and your partner brings home two new parrots as pets without talking to you first parrots Oh Lord Um a co-worker wants to set you up on a blind date You find out your date used to be in amazing shape but is oh this is good for you but it's currently £30 overweight after a rough breakup Do you talk about their diet with them Yeah I do I love it 100% So it's not a deal breaker back to the good way Who's gonna be who's gonna be getting thanked for getting them healthy again They can be Kyle Apparently we're going to we're not even going to like some fancy restaurant We're going to a health spot We're gonna have some healthy food We're gonna talk about it You are trying online dating and see someone's profile that says they want a minimum of four kids Sign me up You want four If a woman's ready to have four you want four What's the matter 44 is no good Oh my gosh That's a lot of kids So economically economically I gotta start putting some economically You can't live in Los Angeles unless you you know like getting the \$20 million check Well I'm counting on me getting the \$20 million check So four kids won't be a big issue You have just agreed to be exclusive but your partner gets very jealous when you go out with friends and don't invite them Is that a deal breaker for you No I I love it when when my Yeah like go have fun just because I trust but maybe I shouldn't trust so much when what was the question again Um yeah you've just agreed to be exclusive Um but your partner gets very jealous when you go out with friends and don't invite them I think the thing is is like if it's a deal breaker but it's definitely it happens all the time I don't think it is a deal breaker It depends on like how you spend time with the person Quality time not quantity time Um You're on your first date with someone who is smoking hot but has a missing tooth which is really obvious when they talk which is like one of the front too but really hot Like smoking hot Work around it What's a poof a fake tooth A I've never heard of anything My

first girlfriend had a fake tooth but it wasn't like a it wasn't like one in the front She just had like a cap on it Here we go Uh You're on your first date with someone who is also smoking hot What keeps three cell phones on the table during the entire date with no explanation So if a guy is doing that you assume he's a drug dealer If a woman is doing that you assume she prostitute Really What else is she with three phones A working woman then maybe or maybe doesn't Marisa have a burner Now one is one is for ok but one is for like anyway um a coworker wants to set you up on a on a blind date with someone who is 15 years older than you That's not gonna work for me Why not Yeah Why not That means I'm dating a 50 year old so they're hot 50 year olds So what if she has like kids You want your own kids What if you found out that you couldn't have kids I know No I know you you can What if you found out that you couldn't Well then that's perfect Ok great Um you are on a first date and the person seems amazing Funny smart confident and great looking Where did that come from Huh What if I found that I couldn't have kids No I know that Of course you can just dealers I said what if not you you gonna have kids Kyle You're gonna have like apparently a whole like soccer team They're gonna be beautiful Yeah Calm down I was just a deal breaker Is the car Kyle You don't like playing What if what if what if you can't have kids No I don't like that No that's a good question Ask me a question I'm gonna ask you back I don't like the question Ok All right What if you're on a first date Kyle you're gonna have the most notable Children in the entire world and they're gonna be loving and kind and funny just like you No I'm just getting up you are on you know my name How many how many um like how many like clips of the show do you have me going like this There's so many Oh constantly Um you're on a first date with the person It seems amazing Funny smart confident and great looking You tell them how much a burger is No I'm just kidding Um you find out they spent a year in prison and on our and are on probation for what I don't know I know that's what I would ask for drugs selling Yeah not using selling All right This is gonna sound weird You're into it for a woman It's hot Gross Why is it hot selling drugs That means that all the people she sold to are gonna come after her like calling being like yo I need my fix Switch your phone for a reason Burn it You recently got engaged and your partner asked you to gain £20 because they did It would make them feel more comfortable Yeah we gotta get unengaged after that ring The beautiful ring You gain 20 now you want me to gain 20 because you gained 20 You lose your that's codependency a week We had this one but I'd like to repeat this one a week before your wedding
