How do you know You know I know Yes Yes yes Yes Don't get enough
Welcome Welcome A good day Love Hey great to see you Uh Welcome to
our show If you're new to the program I'm Michelle Murad along with the
lovely Kyle True Blood got Andy We're missing Natasha But we are the feel
good show here on Amazon Live while you're shopping and you you're
chilling It's kind of a cold day today in Oh yeah Shop and shop and shop
baby I'm good It's kind of cold today Yeah I've got like my like thick tights
on and everything I didn't feel it I'm just moving just moving like a like a
worker bee Yeah Good good good Yeah I got I got peeled last night so I can't
like can't do as many activities as I like to do I just looked how was the peel
Fabulous They kept they kept putting layer Oh this is this is the norm for you
Maybe you want to tell the audience like where the peel was done So uh I
um went to I have the privilege of going to vitality institutes um where they
peel me a V I peel Is it Maria Maria who is the owner of VIP is one of the
best peels you can ever have Um I will have fresh glowy skin after seven
days and I will be peeling on camera Lucky me Um but what's really cool
about it is they do a visa of your face to see how your skin is doing And I I
age in reverse So the last time I was there my my skin age was three years
older Um still younger than my in reverse Yes I'm going back She's like
we're going to get you to like 18 if you want I was like that would be
amazing That's a she's like she's like she's like you could be 18 you
backwards Yeah I feel like I got a little bit of Benjamin button in it Look at
his face doesn't stop smiling I hope I say as happy go lucky as forever Yeah
Yeah Yeah Um I I already feel it like it feels a little like you know tight but it
was funny because she kept putting lay after layer after layer She's like you
feel anything I was like no she's like who put another layer on You feel
anything I was like no And then she was just like we're going to a and she's
like we gotta get Kyle in here at least to do a Visa not for a peel but just a
Visa and a what a Visa does is it it analyzes your skin and lets you know like
your versus your skin age and you know what's interesting I was using all
natural products before because uh like I you know I don't do a a lot to my
skin Um and that was one thing that we talked about and um and I was
telling you I was using all natural products and she's like sometimes natural
is more abrasive and more harmful to your skin that because of like the
chemical compounds and the makeups like natural products aren't always the
best What does that mean Natural products You pluck it from a branch No

Well like you know my my cleanser was um what was my cleanser before It was like something I got from Whole Foods but it was all like oh there you go That is an issue That's me Um talking about how I I'm good I'm good Is that level eight they're putting on right now Yeah Look at the smile Always smile Yeah Yeah Yeah Fun Right I bet you look like you're having fun I always look at my eyelashes I'm just I don't know why I just I think it's all like a mindset too Like Mar knows it Like I'm a scaredy cat about Yeah I mean I don't think there's anything I mean listen trust your gut always I was a little afraid to go yesterday because like I was going by myself this time the last few times last time last few times I had company That's right That's right That's a nice shot of my nostrils But then when I walked in she was like no camera crew I was like no not today It's just me and you That's good So have fun have fun Um and when you you have to like you can't do anything We can um like for four hours like I like had like the the timer on I like really want I really want to come back to the studio and be like do more because I think once you're like in a flow of like yeah like you just want to keep doing it and doing it do it doing it doing it doing it That's exactly how I feel this morning I was working until 3 30 last night and I just I woke up I slept a good six hours I slept from 6 30 to 9 30 Lucky I'm sorry 3 33 30 to 9 30 woke up and I was like ready to go ready to work more I think what is it Motion causes not causes motion causes motion stimulates motion Motion causes emotion motion causes Yeah Yeah So I felt like I think after like uh having Valentine's Day you know so like Valentine's art like mega episode I wanted to keep going We did we were gonna do some like mission on the street stuff And then it was too cold and people were like already like you actually you told me you were so excited and now it was like a big come down from the it was not for you though We did we accomplish the thing It must end Some everything comes to an end And uh it was good We saw everything does come to an end The day had to end at some point I mean my God we interviewed 11 people I mean wanted more I want more I want more And she was like I'm having a come down I am I'm so exciting I just want more And I'm like one eye is open one eye is closed I'm like more No Kim speaking of everything comes to an end A very special shout out to Mr Ryan Seacrest This is the Instagram for Ryan and Kelly He has announced today that he is no longer continuing co hosting on live with Kelly And Ryan and her husband Mark Consuelos will be taking in um taking over that chair Um But Kudos to Ryan yes he is moving back to L A Um and he will be working I mean look New York is great but like you can't beat L A you can't beat a

footage and had like a really good experience on on social marketing social marketing Was it Kim Hall What do you mean social marketing on social media They were marketing What were they social media marketing what were they marketing You told me yesterday someone took some content that we have from Valentine's Day and and have a good experience on social media Yeah Yeah Yeah Uh well they all put it up on social media um who has such an amazing experience here Um But uh what am I being told right now I do have the video of social media from day Do we have any volume on this But this is uh cure Adorable This is what it looks like a good day live on Valentine's Um This is a little like a behind the scenes action Um These are our our peeps Um We wish we could have invited so many more people but you know the studio can only hold so many people at one time Um Behind the scenes of what it looks like here in Los Angeles and studio place Such a fun thing I've always wanted a live studio audience and um I never thought our guests would be our a live studio audience That was fun having like a bunch of people just hang out and watch the show It was awesome Yeah Yeah It was really cool I liked it so much Yeah everyone had such good energy Um I really enjoyed talking to the couples and the and the singles and the singles came in single single Kimmy Seltzer The the what do we she has like Kimmy Seltzer has like nine titles The dating therapist Can we go with that Yeah she's just oh here we got Adrian and Ally Oh yeah she's a dating therapist Look how cute Oh sorry Um I heard you you were saying Kimmy Seltzer has so many different titles Yes she is a um what an image consultant She's a dating expert and she's a therapist Yeah Pretty um pretty intuitive as well I got to give it to her I have a lot of fun Like she might be the uh well I know I know I know using the word favorite on here after meeting so many people is dangerous because I I do I mean part of the Black Shaman Zara Kenny Selzer and I'm sure there's a few other doctors that I've I've spoken with uh self help co eric bigger even uh you know self help coaches Uh but I do have a really fun time talking about my past with Kim Saler Yeah I like I I can see she reads you like a book Who else read you Like a book She's looking right at you trying to give you dating advice She was like you know like can read any guy like a book though She knows men in general She knows that she does and she's so funny because she'll tell it like right to your face She's like this is what you are this is what you need to do Ok I like that She starts calling me out in the middle of the interview Like she started interviewing me like this is what it is Kyle Ok All right All right Miss Emmy winner Miss Em winner Tell me what's going on Yeah I'm going to listen to

her for sure That's what she's talking about what she's doing over there She does she does she does I can't get um I wish I could I got a photo shoot in a week Oh Look at you Photo shoot in a week That's exciting Um What's a photo shoot for Uh a very very fun Yeah Movie agent wants a lot of shots and they show the parents and they have like a whole portfolio for not just movies but like other stuff other stuff we got like your print Oh Look at you We need like too sexy Full mush too full mush I want to see what you would do Like if you had that song I want to know but like I find like not taking yourself taking yourself less serious when you're doing that kind of work is more advantageous Like trying to like Zoolander It is just not gonna work No you gotta have fun Like have let them catch you off guard make sure your face isn't tight and just like relax Yeah because people start taking photos you get home and you look at all your photos every single photo is like this Oh God you're like what was going on there You know what I mean Like can you just like relax Could you I always like I always get nervous with pictures Yeah I always get nervous with pictures Oh thanks Kay Um I like always like I feel like I look better in in movement Um but I also look good in pictures too It depends on who's taking them because I think um you know depending on who's the photographer you can get some really good ones or some really bad ones Yeah it's weird how that works It depends on who's holding that camera for sure of course And that's what I love about you know acting and what do they know And yes Rosalinda has been a big fan since the beginning of Sway TV Yeah Yeah Yeah I can dig it Can you dig it I can dig it you can dig it up Let's talk about some things that are going on in entertainment Shall we shall we shall we Um I believe that uh what's what's fascinating is um ok first of all before I get into entertainment I saw some really cute things Well I guess this is entertainment Um Justin Timberlake Super Bowl selfie kid Do you remember this guy Really Do you remember Justin Timberlake or the other guy You don't remember the selfie guy How do I I remember everything Um when it comes to entertainment selfie kid Ryan mckenna arrested in Florida What do you do I don't know what he did but this kid went viral when Justin Timberlake came back for the Super Bowl You don't remember this He stopped he did the performance and they made fun of him because they said they was dancing like a dad and I'm like well he is a dad now but um I don't know who this kid is Yeah Anyway he took a selfie with this guy and now he's arrested It's unfortunate I don't know what he did but I have a horrible story Click on click on the story Well this one I want to share before we get into I thought I said I just move on

We'll go back we'll go back This is so so so cute So this woman had a condition called P DPC OS Um And they're going they're going viral That's a great question I don't know but it has something to do with infertility And her husband said instead of like going on all these hormones and these drugs I'm going to start cooking for you every day and we're going to document the cooking and um he called it Meals She eats they then got pregnant and um have a little baby girl as you can see right there and he came out with this book called Meals She Eats He is going viral for this video because of the love here Look at the love he matches with his daughter every day Is that not the cutest in the world I hope one day I have somebody who loves me that much that wants to make me food every day and document it and put it into a book I think that's like a thing Like if you're married to someone you should want to feed them No Yeah Keep them alive Yeah Yeah Yeah 100% 100% A testament to our diets though It's like you change your diet and who knows like how your body responds in a good way you know Yeah And then this is just super fun I saw this is Mario Lopez posted this Look at this Look at this Oh it's a real dog They like if I got this for Valentine's Day I look at his face I love the door opening How fun is that So fun And Valentine's is fun You never you know you just never know Like I love I love what the celebrities celebrities are coming out in full swing Um And then this one I actually sent to Kyle True Blood because I thought it was so cute Um because Kyle wants to get married so badly Um This husband still asked his wife of 64 years to be his Valentine Well she think she's gonna say no she's not gonna say no Look how cute I was gonna try to send you something very funny But uh we send it to me send it to me There's something called the baby joker He's like a six year old kid and he is absolutely phenomenal imitating the joker It's like splitting image and then there's another kid and they teamed up who's amazing at doing Jason Statham impersonations They put him in the same room they nailed this one like comedic video rewatching it I tried to recreate it actually maybe one of the reasons maybe one of the reasons Um Then also this is this is new um as you're pulling this up Um I guess uh what's her face Jenner Kendall she got attacked for like I guess her photo shopping because her look at her hands but she's not that's not photoshopped It is photoshopped It Apparently it is Her response says that it's not She said that she has just like ginormous hands Those are huge hands are like look look at these hands But I mean like if it was huge compared to the rest of her body it just doesn't look good But you know how you can tell she's absolutely gorgeous no matter what you see how the pillow has a line there and it's not interrupted

That's how you can tell things are photoshopped It's like the rest of the photos like squeezed or warped This is how people have too much time on their hands I would never notice these things unless it came out on like sometimes you do not to myself but like but she says that she has crazy hands So she like showed a video of her hands and how abnormally long they are Um I mean they are pretty long Yeah they are pretty big hands I mean again no no tearing for anyone's bodies But oh there you go I'm not gonna show show that one But yeah she's always showing her hands like how big they are Um And then some not so great news about Bruce Willis is coming out So uh you know sending lots of love to Bruce Willis and his family stinks man right Like you just never know So health is always the most important thing and just take care of your bodies Yeah that's stinks right Dementia It's almost like what it's just it's a dark time for America Well you know what's interesting is that like I actually interviewed to be his not his nanny but his kid nanny because we all learned how to live free and die hard from one person I know I actually I actually so the story of this is funny I not of him with dementia but like with me um it's it's confirmed that he has frontotemporal dementia um which I don't know what that means but it does not sound good So we're sending lots of love and prayers your way Um And hope that you are surrounded by the best doctors I'm sure my best friend's wife's mother had frontal lobe dementia Really What does that mean Uh well you know frontal lobe is where you make a lot of decisions and uh really helps you your id of your ego and uh you know it's it's it's it's a challenge Um but I'm sure Bruce has the right people around him and uh the most support and I'm sure he'll be he'll he'll you know Yeah I'm sure Um so I so I I went to go interview with his family um about a handful of years ago as a nanny and they asked me if I would move to New York with them uh because they were going to be moving to New York him and his new wife and their two kids And I said no yeah I was not gonna move from L A to New York This is not your life Yeah I know But like the money that they were going to give me was like next level money And uh like it was uh what my friend Jimmy Lee likes to call fu money It was fu kind of money like I could have you know probably survived on that for a good couple of years Uh if I did that But uh you know to me it wasn't about that It was about like uh you know just having a side job in the pursuit of figuring out my life in the dream that I wanted to accomplish and all that And then I said no Um but lots of love to him and his family I thought it was interesting His um his new wife I think they're still married It could be wrong Looks almost identical to

friend in um air one to see if she can actually shag a job Oh yeah Yeah I
don't know if she's gonna do it but is that someone we know don't want to
release any information But I thought it would be really cool if we follow her
and see if she actually you know is successful No it's not filming It's with a
camera with like a phone with a phone with the phone I'm sorry like I am too

boys Like they were awesome You're scarred still to this day Scarred by the experience Not by the boys The boys are awesome The experience No not really It was the parents that really scared you I think it was like the idea that like you can like you're just like stuck forever scared me You know what's weird That's the second time today I've heard the word stuck in relation to being a parent Well you are it's not I mean you're forever a parent Yeah But stuck is such a negative connotation It is a negative connotation But it's true My mom no I know But my mom was like if you ever have Children just remember you you're stuck with them for the rest of your life Remember Like it's a thing You could forget Remember write it down I mean it's not like you can be like bye or like leave your kid at home all day I'm like like I leave Charlotte home for like eight hours I can't do that with a child No you cannot Exactly So I literally never do that with a child Um some people are ready for parenting Some people are in the house this guy ready for sure He's ready on a Friday night How hard do I party on a scale from 1 to 5 You're ready because you don't have to have the baby Like women have to have the child Like I would be cool That's a nine month process compared to an 18 month or 18 year experience No no no I know But I'd be cool It's almost like male seahorses carry the babies Like so I'd be cool if like the male seahorse like as a man wants to have the Children you have them you carry them Good luck I'll be right here I'll be I'll be am I gonna be Aunt Michelle I don't know that you know I don't have the female genitalia so I can't really imagine how I'm gonna birth a child But uh did you ever see Junior Yeah that was weird Arnold Schwarzenegger was a did you ever see that movie Arnold Scharer was became pregnant Hilarious Rosalinda said she agrees with me on no drama Yeah I'm with you Rosalinda when you when you're like a kid and you see a movie and it's not supposed to be scary but it terrifies you that terrified that movie Junior when I saw the baby actually like remember when it cut up protrudes through I like I could still see it to this day and I only saw the movie once and I was like fine Um And then Naked Gun 2.5 where the baseball player turns into a robot he just like starts like moving like a robot I was in my grandma's house and I saw it I like almost ran out of the house 00 grandma Melly Uh No Ok Mellie is my best friend's daughter's name that I have a grandma Gwen If I were your girlfriend I really like it Never hear the end of that because I keep getting it messed up Gwen It's Gwen What am I most looking forward to right now You your nap It's not bad I'll take the nap sometimes after the show Is that what you're looking forward to And my whole joke is about nap time when you're a kid The the the thing I sent you

on Instagram Oh just two kids about to go to sleep and she goes oh boy it's the first grade not kindergarten There's no more nap time He goes what did you just say And she goes there's no more nap time and then the other guy did state and he goes you're telling me somewhere between kindergarten and first grade we became adults He goes no no no he's right He's right If I don't get my nappies I become a very different boy That's hilarious because he's doing the joker voice and then he goes first it's nap time then they take snack time And if you take my snack I'm gonna take your life Miss Miss Clare It was hilarious It's Jason Statham and the Joker as babies We gotta get you on stage Yeah Yeah I was I was trying to pull it back I I saw I saw the acting was coming out I procrastinate Yes In what My work computers right there So is my work computers right here I didn't say you procrastinated It's not a competition Michelle I should have heard you say that in my head today while I was getting ready It's not a competition It's like my brother for real I don't think you had You don't think I know you had Where do I procrastinate Oh well maybe cleaning your room I can't tell you how many times Kyle last night actually No I know I know But I can't tell you how many times you told me that you were going to clean You were like I'm gonna clean my room I'm gonna clean my room and I'm like didn't you already do that You're like no I did And I got distracted I didn't get distracted I was working a real a real oh gosh You know I'm so grateful Kyle made my real but apparently I was procrastinating No I took it back I took it back Yeah Let's see it Where is the real It's on your hard drive The electron No because what happened was when I gave him my up Well no it he did it you updated it didn't you Because it was blurry because you gave me like blurry I gave him a what What is it It's on the drive No I gave him my hard drive Yeah 100% gave me the orange one that she always uses No not yet Not yet No it's just on the hard drive Um thank you for doing that Hi folks Yeah you're welcome for not procrastinating Who do we who do we like making fun of You know it's so funny He was watching my Instagram stories Who's he You must watch the show I'm a man I'm a wife I know But that's the guy I like to make fun of Yeah Yeah Yeah I don't like to make fun of Raul but I do because he said that I wasn't attractive Oh he did say that didn't he He was like no no no no I mean I think you're pretty but I'm not like it's not you're not my type I was like wait I thought your type was 5 ft six kind of on the slender belt and no it didn't matter what you look like So uh I guess I don't fall into the wrong these days I don't know I should message him You wanna DM them Not really It's usually when ID M people they get the wrong idea I mean I'm sure

you get the wrong idea with me too 00 yeah that's true too True True True true true What was your favorite clothing brand in middle school Oh I was obsessed with Disney clothes I gotta go No What No that's not even real Yay roll Got volume on that No volume Ok This is me doing mission on the street in October Look at how happy I am I love what I do and I love meeting new people but look at me like I must be like £5 smaller there I look so teeny there Um and he's like telling me he's looking for like someone who's 5 ft six slim built Like that was exactly all those things Do you want to be that thing for him No no no I was just offended I was offended because sounds like you want to be chosen I always want to be chosen but doesn't mean I want to date the person if you don't want to date him What does it matter Uh no it doesn't really matter I was just like offended You can contradict yours yourself so quickly It's actually impressive I wasn't offended It was just you know it it did upset me Ok So you were offended Well that coat is so cute That gets this coat I wear it every day I wear it until like it's I think I was wearing this and it was like 80 degrees cos it just has a statement to it I look like Mary Tyler Moore with that coat I love that coat Oh my God I'm obsessed with that coat I'll stop talking about the coat Um wait are his on the back of his head still Or they take him off He's holding him he's describing he's describing his uh favorite woman at the moment Oh right Oh good good memory Yeah He's um he's telling us how you know interests hobbies love love language is not a thing What really matters to him is their height their builds and it doesn't even matter what language they speak Rosalinda called me out She's like look at Michelle getting off topic Yeah I get off topic easily I get off topic easily when I'm distracted by such beauty I get distracted by such beauty I have to You weren't even looking at me You look at the screen you know you follow her around and we saw you on the on the monitor I don't know That's weird Oh the girl the girl the girl where I was like what about her And he's like oh she's not my type I'm like how do you know And then I was like do you find me attractive And he was like and I was like oh interesting What you think I want you think I want a deep role No I wasn't talking about that at all What are you talking about I just said interesting based on what you said Um interesting stuff Interesting stuff Yeah No No I hope our found someone by now I think he has That's amazing I think he has I was in a relationship when that because I think from what I saw on his Instagram he's found someone Really Yeah Yeah Yeah I mean I'm not gonna go through it right now I don't want to put his like that stuff on it Like that's weird that putting out his Instagram up there that's kind of you could just tell

the whole world he was dating but he might be I don't know I don't want to like go through his stuff Um but yeah No I just yeah All right I'm really happy that I found someone though because I was really um worried his criteria was really weird It was like yeah it was like he just got to earth the way he described what he wanted Yeah I went 56 slender bill I don't care where she speaks She's not a vegetable bro Like you're gonna have to talk to her at some point She's not a vegetable What if she speaks Russian He didn't speak Russian I don't know He said that he was cool with like just talking to talking Oh right Like what did I wake up I you need I need I need oat for sure Before we start the day Um what else can we do You wanna um do some deal breaking since we're talking about dating or we wanna you wanna do more of the best date stuff Can we cut to a commercial for a quick sec Oh sure sure sure Get a commercial So here is our I box that you wanna get it charged up charger over here This is the output over there and it has an extra table like this with the ability to charge it in your car So that is really cool So we have it all charged up It has here you can press on the display you can see now that it is not drawing any power it is not bringing in any power and it is 99% charged which is cool So as you wanna use all your separate things you can turn on the little lights and it will show you as you can see there that now you can draw power out of them or you can turn them off just like you would at home If you do if you wanna leave something plugged in but not having a draw power there you can turn it off So let's have some fun and see what our Jay can fire up So in the past we have used the Jari to light up our lives with go we have charged our cell phones and we have done a few other things But oh we've even lit up the Arrow Garden How amazing is that that we were able to light up the Arrow Garden But today we're gonna push the Jari to the limit and uh we are gonna take a look at the this works what's this This works That car vacuum Awesome Very cool And we could even take a look at it Tabi used it And uh how amazing is this Oh my goodness You can just keep on going and going and going You can get into every little look and cranny in your car with all of this How awesome So this is what we're gonna do We're gonna stick it into our Jari Let's do it this way So you guys can see what I'm doing Turn it on It's a little light and the display have gone on because we are about to fire this up Thank you Mr Jackie There we go That is cool So let's see what else we can fire up today I mean that you can I mean that is just so cool You see powerful vacuum Jay fired it up Let's have a look at some of the other things that we can um fire up today Let's see Yeah we got it So let's try the LaVoy Air purifier I mean this is a high power drawing

eye item I think I would imagine So it's not something that you would generally plug into this little power port here Amazing if this works you know how incredible this must be So not only is the Jay used when you are camping or exploring the world in your RV or your car the Jakey can also be your backup power source for a disaster Um You know disaster preparedness The Jay is definitely something that you'd want to have in your home And like God forbid there is something and the air is not pure and now you're stuck in your home you've got no power You can't put your air purifiers on If there's a huge amount of dust in the air or if there's a big um you know like we are in California there could be a huge earthquake will bring up a lot of dust but you obviously want to still keep your lungs protected Let's see if the Jay not only will give us power but will also save lives So plug it in over here we'll turn it on and you can see let's actually put this up a little bit because you'll be able to see the lights So let's put that try and see if you can see that there This all in the name of Ok there we go So the little light is on let me have it Did you see that Ok Turn it on let's turn on the light so you guys can see There we go That is it So we have our Voit that is powered up You can see the lights are on over there And this is thanks to our query How incredibly powerful is this tiny little tiny little ba like tiny little box That is amazing So these are the cool things that we can do Thanks to our Jackie Oh my goodness Look at that This powerful little thing can do all of that Welcome back Welcome Welcome Welcome Welcome It's a funny day today in the studio I think I got like a case of the giggles and like I'm you know not totally here because I haven't had my brain food for the day Um But I took uh I took my phone with me and Kyle was funny He was like you take the phone to the bathroom Apparently I get on some social media Yeah Yeah Apparently Machine Gun Kelly's guitarist has come out to say that she has not had an affair with Machine Gun Kelly because there was a post about this is like you know I feel like I I don't care anymore Do you care on the Megan Fox thing Like I felt like I care No I cared At first I went through all the emotions what you heard me I reach out to you What have they done artistically that you enjoyed I'm not a big Machine Gun Kelly fan I'm more of a like I like Million Box for what She's cool Yeah Doesn't affect us in any way II I wish the best for them I hope they do great They look great together Um yeah I thought they were cute couple I love when we obsess over couples and celebrities their love relationships because it just shows us how you know we don't have any hardships if that's what we're worried about this I mean we should be talking about the toxic chemical spills all over the US

But you know let's just talk about Meghan Fox and I like to keep it light on the show You don't like to keep it light on the show I keep it I mean I keep it interesting I'm not about light It's not always interesting That's true As you look at me like what these eyes like light's not always interesting You just looked at me like life's not always interesting Gotta keep it Uh real Gotta keep it real Am I not interesting to you Keep it real Am I am I not interesting to you How did we go there How did we get there Oh you always get there Would I rather watch The Bachelor Survivor or keeping up with the Kardashians Oh say that one more time Would I rather watch the Bachelor Survivor or keeping up with the Kardashians Really I would say Survivor Yes Easily easily You didn't ask me keeping up the Kardashians Yeah I guess so I've actually never seen a full episode They don't interest you that much No not really What in the pop culture world like what show interests you Emily in Paris Reality wise Oh reality wise Oh there's a reality show coming out um about Finding Love in Paris Um based off of Emily and Paris Mm Um that looks like it could be fun I I'm not a really big reality person Ok I do like uh daily talk shows such as this one but I'm not a big reality person Ok Yeah What about you Um I don't watch any reality TV Oh here we go It's called Love Trip Look at this Love Trip Um it takes place in Paris um on free form which is uh a network I auditioned for during the pandemic Did you know that free form What is that Did I ever tune into Flavor Flav I never tuned into Flavor Flav Uh did you ever tune into Flavor Flav I know he was on the Grammys I know he had like that giant watch on the Grammys this past uh a week and a half ago But no I never when they ran through like the 50 years of rap Oh yeah Yeah Flavor was actually up there I was like oh wow That's right He he did have a couple of hits Yeah Yeah Yeah Yeah Would you go on a love trip Kay That's a very random question By the way I would like to point out that you would go on a love trip Did you ever tune into Flava Flav Oh because he had the reality show I watch that I never watched reality shows I'm not a big reality Oh she said it was a fun show Um that was the one that was like sole something right Wasn't a celebrity something Oh Right Right Right He had the clock I remember uh like a walk was asking publicly asking Fla fla to just like pull back while Obama was in office because we didn't need anyone embarrassing and representing the culture in the wrong way And he was like not this year not this year It was great It was great It was great Uh Yeah Who is a giant watch around their neck That must hurt Uh There's actually a really funny story about flame of FLA and it's actually pretty profound Um it was him and uh I think it was Kat Williams and they

were like they wanted they wanted to say something that was kind of self deprecating and racist towards himself And the other comic was like oh my God I can't believe like he might say that And he was in like the the comic almost like went to battle for Flavor Flav and Flavor didn't say a word goes out there calls himself like some burnt crispy you know all all this derogatory stuff It was crazy Yeah Yeah And the guy was like oh my God that's insane Um And then after the show the guy is like almost in tears and he goes to Flavor and he's like what like what is wrong with you And Flavor goes they gotta pay me boy and just runs out of the trailer and he was like and the guy was like you know what fla is Absolutely right Yeah He's just like like fla has actually like he's kind of like a 50 cent or like he's playing a character and he understands Yeah Yeah Yeah Like how that is monetized So that's not who he is Like I don't think he's like a deranged person who just likes big clocks I think he's like playing a character Yeah I found that pretty interesting because like we all think of flav like that's who he really is Yeah Yeah I mean I'm sure he doesn't wear the clock around his neck when he's at home Chilling What he did I feel like he does I feel like he wakes up with the clock on his neck I actually Facetimed Kyle like 11 time was it When was it It was recently And Kyle was like are you still wearing your dress from Good Day Live And I was like yeah Oh yeah you freaked me out with that and you were like wait wait wait wait wait you don't like put pajamas on or sweatpants or sweatshirts comes off as soon as I get home No I don't And I was like my comfy clothes are the clothes that I wear on a daily basis Is that not insane Can I hear from the chat Is that not insane when you guys get home How long does it take How long how long does it take you to get out of your work A tire And for instance your first up Do you Well you're pretty comfy though You wouldn't have laces on We don't know I haven't seen his shoes today Are you wearing the laces today Do you do you do you wear your shoes throughout the house Do you wear jeans in your house I mean you do I like no pajamas no sweats You don't have like house wear Kyle was so freaked out He was like are you wearing your dress And I was like yeah and he was like are you gonna wear your dress till before you go to bed I was like yeah why third of my ensemble is is is like house wear specifically for the house when we hung out that one time we were like do you have like regular clothes And I was like you need to my regular clothes It takes just as much time in the city on a Sunday It takes just as it's like Saturday 5 p.m. Michelle's wearing this Like not like I mean ok first of all we had this conversation it takes just as much time to put on a pair of yoga pants and a

and a hoodie as it does to put on a dress and like nice clothes So why wouldn't I wanna be They do for me I'm so cozy right now This is this is my cozy dress This is my like chill dress This is the Alice and Olivia dress that you too can get on Amazon Um And what it's cozy Yeah it feel feel it's breathable Yeah this is a this is a Charlotte Chronicle's purchase Um uh Rosalinda says she has to change her comfy clothes Yes when she gets when she gets home Yes Rosalinda That's what I'm talking about Rosalinda What do you do on a daily basis We would love to know what you do That sounds but Michelle means business all hours of the day I do I do mean business all hours of the day because you never know who you're gonna meet and you never know why you are where you are doing what you're doing So you always got to stay ready Like I have a change of clothes in my car I'm I've turned into Andy's I have I have I don't know just in case I have my like white dress with the blue flowers and my um blue chim shoe shoes just in case just in case more dress up stuff in the car I do I also brought another dress just in case Yes Just in case I don't know for what but just in case getting nauseous why I'm just kidding You like that I'm a go getter You told me That's one of the things that you liked about me as a friend No I know pajamas What are you getting in pajamas I can work for my computer Oh Yeah you can Yeah but you like to be in the streets like you like to be like missing in the street You like to be out there meeting people talking I do like to meet people but I do like to have a conversation I do like to refresh and chill too Yeah Yeah Yeah Yeah You gotta have your rest period and your go period Balance the two Do you do that Well no I'm terrible at resting I just wanted you to say it What you you you let me let me get this straight here Number one Michelle I'm definitely blessed to be sitting on the other side of the show because Michelle does so much like more more than I can explain uh in um in a brief sequence Uh just just so much and uh I'm definitely thankful for your your go getter attitude and like your energy Um but you do No no you do have to take I have gotten a couple of texts from you where you're like I'm over tired I'm like so you have like with the go getter attitude It it's it is tough It's tough to find where you should rest for a few minutes and then we need to cut at the studio Don't stop Then what the what the deal is a deal breaker Somebody who doesn't know how to rest for you Yeah Actually it is 100% Ok We don't have the paddle but it's a good thing We're not dating No no no we're not I love how you to clarify that so fast No no no no no we're not You'd be so lucky and fortunate I feel like we are dating though Like I see you every day I know you are my work boyfriend Is that a

problem for you A work husband Do I have a choice a week before your wedding Your fiance changes their mind and wants a prenuptial agreement I don't care Let's get a prenup I mean that's a successful marriage if you can get I think I think you should absolutely have it before Like why last minute now Like I don't like the last minute change Like if we agree Ok But why why what does it bother you about the last minute thing Because I feel like that's something we should have planned before and like you all of a sudden last minute want to do it if you want to do it last minute Yeah No it's not I think Yeah it's not I answered that fast This isn't it's not We should have that plan I'm looking at you like we should have that plan We should have that plan No No You know You know I know you too well I know you too well of finances is a whole thing in a relationship It is it's like it is of course a thing that should be uh focused on and talked about I don't wanna say focused on I mean like definitely aware but like if all you do is focus on how much money you focus on it but it needs to be focused on at some point There needs to be some type of focus It's not like something to flippantly just add to a relationship is my point Like people talking about joint accounts and prenups and all this stuff It's like you really need to talk about not just what you have but like your spending habits and like what you really value serious I would you would just not survive with me I have I have to clean up 100% 100% No joint accounts either You spend like a fish Um I don't I really don't want to buy \$2000 shoes Weekly Weekly I said weekly Ok you just got engaged and your partner admits to that they cheated on you when you first started dating That's a really good one But you've been dating for three years right before the wedding They confess before the two weeks before the wedding they confess that the fi in the second month you were dating they cheated second month Now it's the third year Why are you why are you telling me why are they telling you You know like if it didn't mean anything it's because they want to be honest they don't want to go and they waited all that time to be honest after coming up to the wedding So they're like we can't get married without sharing Do we have a a refund on our venue You wouldn't get married I mean I mean I would rather him keep it to himself because if it was just like a like it was it was new in the relationship and you know it was like we were like still not sure Um I'd be ok with it but then if it never happened again why are you telling me now Ok I feel like that's a red flag So a huge red flag You disagree I completely disagree Really So the girl you're about to marry about to marry is like by the way I hooked up with someone I love it Maybe she was like exboyfriend She hooked up with her ex-boyfriend right

before you guys got married I know but I want someone to keep it from me and I honestly I adore the notion that they're like no we gotta put everything on the table before we put everything on the table before you get engaged before we lock this down For sure In marriage And it's real and the marriage is real I want to just get it all off my chest That's that's adorable Almost adorable But she wants to be honest She cheated Adorable I mean uh holding it back for the sake of I wouldn't hold it back but it doesn't that's not going to turn out Well no no no no no not for the sake It's there's no argument just holding it back Like does it like does this like one single surprised that you I'm surprised I didn't think that would be your answer Well one I would never cheat on somebody I'm like might not say you cheated but I'm surprised that you would want the person if they cheated to keep it to themselves because they would have if it was just one time I would kind of hope that like I didn't know about it Ok because it might it's gonna do more damage than I think in the long run because then I'm gonna be like I'm never going to trust this person from the second month Why why is he telling me now Because he should he should have told me before We got engaged That's messed up No No You want to lock it down after the fact I mean what do you think is locking it down Yeah engagement is not really locking it down You just said you're locking it down before you lock it down Oh that's what you meant by marriage Ok Oh ok No I'm surprised I don't know I feel like it would really bother me I don't think I could I don't think I would be ok with it because I think ultimately if you like if that happened so early in the relationship I'd rather like not know about it because it was so early in the relationship and then after three years it's like oh by the way I hooked up with like Veronica who's your maid of honor It's like wait what like like but that's what I'm saying is like it could be you know like we didn't clarify that Who is the person that this person hooked up with You know what if it was like oh by the way uh you know your girlfriend might have like hooked up with Nick like you know at like one point Well that would have that would have had to be like entirely behind my back and that makes me look stupid in front of my friend Yeah That's different I just think it's just you know and I would definitely want to know Yeah You would want to know you you wouldn't want to know if someone cheated on you with their friend with your friend I feel like then the relationship is over It's like over Should be Yeah But but but now you're telling me that like if somebody you cheated on with a friend that's wild Some random person a person doesn't it doesn't bother you A random person two months into the relationship A random person is

just like a mistake A friend is someone you've been seeing and kept a secret with someone else that is also knows that person That's crazy Like every time you see him like you guys are like kind of smirking behind his back and the whole thing makes me uncomfortable Like my stomach is actually buggy Well no one brought up a friend You did I know I just know it just like the whole cheating thing is making me uncomfortable So it's it's it changes if it's with a friend or no I think it just changes all together Like I wouldn't want to know that like this person No even if it was with a friend Yeah because then like then if it was like a one time thing and like nothing meant anything by it Like and then them telling me right before we're getting married like it ruins everything that's so backwards It ruins everything for me That's so backwards So hold it to yourself So it doesn't ruin our No not for me Not if not If I did it if I did it I would tell the person but like why because I'm I'm not good at like keeping anything to myself Have you not noticed I'm on a talk show Like I'll tell you stuff and you're like I don't really need to know that I tell you stuff all the time Like Kyle guess what Da da da da da da And you're like yeah that I don't know why you told me that And I'm like yeah I actually don't know why I told you that either You would want the person to hold it from you but you would tell the person Yeah I because I'm like because I think because I know for sure it would be over for me It's over for me Yeah it'll be over from the second month I know So if it's from the second month why are you tell like not you why is this person telling me like right before we get married To be honest if it meant nothing to be honest Yeah But to be honest you should not you he should have told me like before we got engaged she being honest why Why he should Yeah But like he should have been honest from the beginning What Yeah like why didn't he tell me then Because he liked you Sure like great But I don't know like he wants to be with you but he wants to just be honest That's crazy Crazy I want I I would think it's adorable So you would think it was adorable Your fiance was like that's an honest mistake Two months And you kidding me That's an honest mistake And then they they they you know rectified it and they just move really fast in relationships So like I feel like a after two months I don't know if we're not being honest now we're never going to be honest He's being honest He's telling you he waited three years but he's still being honest Ok Yeah honesty is important and holding back and never telling you is the opposite of honesty Just saying it's another contradiction of your your best friend wants to set you up The date sounds amazing They perform regular regularly as a ventriloquist Would you date a ventriloquist I would I don't

discriminate Why not What's the what's the matter you want to date a ventriloquist What's wrong with what you imagine you're in dinner and your fiancée's like I invited my friend and all of a sudden she told cut out the what's going on I don't know I'm a little messy I don't know messy If she brought the puppet to the date I'd be like this is done We're done here but she's a quis like that's gonna come into the into play People are lawyers and you'll see them bringing the the sledge hammer to the date You know what I mean That little hammer that wouldn't hammer a judge It's hilarious You gone on a few dates and discussing taking things to the next level then you find out your partner has held five jobs in the past year Do you know what that even implies Five jobs in one year They can't hold anything down There's no commitment there What are you talking about You have three jobs Yeah I held them down though 00000 Has more than 55 jobs But they've gone from one stopped it one stopped it one stopped it Like I'm doing three simultaneously continuously They're calling entirely opposite Um is that a red flag Kind of kind of if they didn't tell me about it It's a huge super super red flag Number one they can get hired apparently really easily But two they also get fired very easily They got fired Well that's a good question Do they quit or fired Does it matter Uh you know I think um being like steady with the job is important to me but like it depends on the situation Ok Ok A week before your wedding your fiancée makes out with someone at the bachelor party Oh that's an interesting one Our bachelor parties are bachelor and bachelorette parties free Like like no bachelor bachelorette party You can do what you want or like still like don't you can't do anything How's this go What do you think Your bachelorette party Yeah let's let's let's let's get the contradiction and all the hypocrisy out the window You love Chippendales What No I don't You have mentioned Chippendales multiple times because they have a host That was a Chip and Dale Dancer Yeah that's why I was interested That funny Yeah we have a guy here who used to be in Chippendales Yeah I wanna I wanna think about this one of the original dudes because it's at like 5 a.m. He comes in early What's his name I'll show you Um uh no for me Absolutely not Like I if I'm getting married to this person you like you want one last like then have have as many as you want I don't want that No Thank you Wait before you wedding your partner is a severe panic attack about the marriage Yeah No Um I disagree I don't think that's a no I think I think it's a huge commitment and um you know panic attack I deal with anxiety So I like I would understand Oh there we go A severe panic attack I don't know Every every panic attack is severe It's not it's

panic attacks are not an easy thing regardless I probably leave it alone Really It could be deeper than that Not just it's not like the relationship It could be like she's afraid that like you know the person would leave her Maybe that was the panic attack You know like I I think you have to like dig deeper as to like what the panic attack was about I had a panic attack I don't wanna be in the relationship No that's not it at all Have you ever had a panic attack before As it's the worst feeling in the world The worst feeling It feels like you're gonna die I wanna say no But I don't know You never know Oh are we actually What So is this in a TV show What is that Wait that's him Hilarious Kyle Looks like it's Ventura I know I thought this was a movie What Oh my God I can't just interpretive dance Well that's that can be that can be interpreted if we ever get kicked off to Amazon we're gonna know why 100% I gotta go and shave my eyeballs out of this Get some more eyes Go get more eyes Hilarious Well we have a couple more minutes left What do we got Wow That's weird What is it Your partner asks you to gain £20 because they did It makes them feel more comfortable That's weird No absolutely not You need to go see a therapist You on your first date with someone who is smoking hot but keeps their three cell phones on the table during the entire day with no explanation 33 What do you need Three for That's weird She's a push A P A coworker wants to set you up on a blind date with someone who is 15 years older than you What's happened 15 years older than you In your twenties I I dated a few people in their forties Look at you You like the older ladies Yeah they love you They're married right Didn't they did they meet on TV Is that the Chippendale guy Yeah How do they meet Oh this is Candace And that's her husband who used to be a former Chippy Oh how cute Oh they're so cute I'm sorry they didn't like start dancing there Perfect Perfect Uh time for him to start you know Oh look how cute they are together I think we know what he did for her Valentine's day No Oh so cute Very cute Cute Couples Couples are cute They can be you're having an amazing time on your second date but your date drinks too much wine on both dates You know Actually um me and my friend were talking about this this morning this morning Yeah Yeah Um so he's oh this this is a topic I really want to get into and not sorry I'm so late about it Um ok He's recently single Ok he's been talking to a girl Uh but she's very uh how should I say Fun loving Ok we're talking uh multiple drinks every time Probably ending the night Inebriated Uh she's like climbed on top of strangers cars She's like dancing on tables She's like a wild child And uh he every time he would come home from it he would tell me about this and and be kind of like

taken back like I don't know And then uh he asked me earlier uh he was like oh I met this new girl Yes All right this new girl he asked this new girl to hang out and she wanted him to hang out with friends But he was like I don't know friends is a little early and I was like well I think friends should wait about a couple of months because you should you should get comfortable with each other Make sure that she's played off And this is a longer story than that Can we continue it tomorrow I'll continue it tomorrow I'm with you I think wait to wait to meet the friends Figure out if this is something that's like going to you know go somewhere Well you know it's it's that you know if if you go out with the friends you can't you can't like be as wild as you want because you know you want to be crazy with your friends you want to have fun with your friends but it's difficult to kind of infiltrate a relationship in your friends that early I know you haven't invited me to any of your friend Hang out We're not in a relationship we're in a work relationship It should be extended out into the world I guess Thanks So much for watching Hope you find the good in your day Spread it to whomever you may We'll see you guys tomorrow on Friday It's a big day big day tomorrow Oh yes Eugenia Gumina tomorrow You Mykonos tomorrow No Oh Mykonos Yes we're going to Greece We're going to Greece we're going to Greece You're definitely going to Greece I'm wait why am I definitely going to Greece I want to fly you out like oh come on my private jet to Mykonos Ok You be like yeah go go go do I get to bring up friends a check and
