Welcome Welcome back to Good day Love I'm Michelle M along with and Yeah Oh sorry I didn't mean to interrupt you Go Oh no no no I was done and TV and film star Nancy Harding Good to be here guys You know that theme music is so catchy I love it You just got to buy it Thanks for calling that out I love that Yeah we we love that song so much We love that so much I have to read a little bit about you Um You've seen Nancy in such TV movies as Disney's cheaper by the dozen which I love Lifetimes Keeping up with the Joneses and feature films such as God's Not Dead We the People Um We love David A R white He's one of our favorites He's one of my favorites Yeah What was it like working with him on that Absolutely Loved it So he plays pastor Dave I'm a secretary the church secretary So all my scenes are with him Yeah And he's just such a joy to work with Uh so giving so loving and I love everything that he does Of course he started pure Flix and then it's all faith and family and I love those projects I can be a part of those projects Bonus Awesome Awesome I'm sure it was so comfortable on that set You have like a comfortable energy about it I'm sure that's why he had you in all of his scenes Yeah that's great And and um and then you've got your new movie right The Crown Prince of Christmas Christmas coming out Yes that's so awesome Can you tell us about that movie Absolutely So it stars uh Cindy Busby So she is like the rom com queen So she's in a ton of romantic comedies and Christmas movies Uh this crown prince of Christmas on a great American family Ok So the CEO from Hallmark moved over to G AC rebranded it Great American family and all the programming is like faith and family Lovely So this particular movie the storyline I'm visiting her at her work I play her mom little uh I visit her at her hotel job and while we're in the lobby her coworker walks up Sebastian and I think he looks familiar I invite him over for Christmas dinner and then I'm I'm like boy you really remind me of the prince of Lux And uh when they come over for dinner my daughter says uh you know she's like Sebastian Can you just pretend like you're the prince because it's really making my mom happy So he pretends like he is the prince and it's effortless And uh my daughter thinks he's putting on a show the whole time But then we have of course the big reveal by that time she's fallen in love with him as a friend And then cut to the end which is the royal gala with the king and queen of Lux and words And my daughter who is an aspiring singer she musters up enough courage to sing and fulfill her lifelong dream Absolutely adorable I love it So your royalty Yes Yes I

love I love it so much What were the costumes like with this movie Ok So costumes for this movie red and white and it couldn't be burgundy Ok So it had to be fire engine red and green and of course the costumers like pull everything green and red out of your closet and bring it because you know it's limiting every scene you need either red or white or red or green So film this movie So this was in Buffalo New York in September Now we were going through a heat wave here like pushing 100 degrees jump on a plane Buffalo 60 degrees It was cool and crisp Totally puts you in a Christmas mood this past September That is a that is a super fast turnaround Yes Well in fact I just did ad R on it yesterday We have the chat People are saying hello Hi Nancy Um Hello Thanks for tuning in and watching Um so uh great American Family Family channel That's exciting Um I think we have a clip Let's take a quick look We have a clip we have a clip we have a clip clip clip clip It's that catchy music again Tell me All right Tell me what do you think of this Add glitter Make a figure eight down from the stem So it looks like swirling snow Oh and call it the Holly collection That's perfect I read the Gala Headliner is out and they're looking for someone new Uh It's pretty competitive mom I mean the Royal Galas You've dreamed of this since the first time you saw that Frank Sinatra special Now the Royal Family is coming to New York and Luxembourg is coming to you I'm still trying to wrap my head around it You're so talented Madison Tell me the thing about doing a Christmas movie is every shot has to be approved by the network and it has to have glitter bows Christmas tree Garlin all of that I like that Yes it's it's magical Like every shot is gorgeous in the Christmas movie Absolutely Um Yeah I always say she's from the grocery store Christmas Listen I love family channel I love like feel good movies where it's just faith and family because there's so much so much stuff out there that is just like will tear you down and make you feel like I believe everything is energy and I just wanna always I could just go to the dark spot so fast and easily But watching movies like this will just lift you up put you in the holiday spirit and bring a cheer to your heart and your face the energy There was just so happy and buoyant and yeah I can feel the Christmas cheer coming on Yeah And then I mean those are the projects that I want to be involved with Something that inspires something that gives hope and love and faith and and yeah I just yeah it makes people feel good I mean absolutely I can feel it from you It's it's real you you vibrate good stuff Yeah What if you came in with your green coat on I was like gonna be so fun I'm ready for this holiday holiday season Um So I just have to ask you favorite meal for Thanksgiving

favorite meal Oh ok Like the favorite side dish Uh I make a sweet potato souffle that is mouthwatering and delicious I make it every year I am mouthwatering What do you put on this sweet potato Well of course the marshmallows they have to be toasted on top So you've got the sweet potatoes and the butter and the milk all whipped together Getting hungry Oh my God I'm so excited Literally we've been talking about this all week and Kyle's favorite thing is Mac and Cheese and I have been talking about sweet potatoes that what my mom used to make was like the marshmallows and the those is so good Are you staying in L A Are you going out of town Uh We will probably stay at my place and have grandma and grandpa come Yeah Good good good to get back to the Christmas mood And your acting Were you always inspired by the holiday season Did you always want to be in that genre or are there other Well I love family films uh because it brings the family together love uh love romantic comedies I mean people can get lost in a love story and then I I love the faith based films because it just plants seeds and inspires people Yeah that's good Yeah Oh I can see you and my favorite one Crazy stupid Love You ever seen that movie Love Ok But you fit right in there for some reason I'm like thank you Big things are coming We have one more clip for you real quick considering I signed you up to play a prince at my family holiday dinner We need to make sure that we know as much as we can about Luxor and we have to upgrade your look from Sebastian to Prince Andreas Christmas customs of Lux And where did you find this The library It was written 25 years ago It dives deeper than the handbook which only brushes the surface Are we going to a royal castle as well Not unless you have one handy Oh I can't wait December 10th time Eight Great American family And if you don't know where to get that you can go to Great American family dot com Go to Channel Finder Put in your zip code and it'll tell you the cable channel the direct TV channel the dish channel the Hulu live channel all your viewing options December 10 Now it's gonna be five o'clock pacific time eight o'clock eastern time prime time right there to start the season off I'm so so so excited Yes Yeah Nancy Harding Do you like games Sure Oh yeah Would you be down What you ok we have a game where where you put things on your ears and you have to guess what we're saying Ok let's do it down to play games We're all fun here Um also we're all excited about Christmas and Thanksgiving But in the meantime we like to have a lot of fun with our guests Um very exciting This is called Hearing Things um by Has and um we've just had a lot of fun with it I played with with Kyle and uh he was sitting in your seats and I thought he was saying

like do you want a Mercedes Benz I was like no it's not And it was like something like do you want to hang out with your friends This is almost like the takeoff of uh what is it called Like telephone where you sit in a circle you whisper and then you're like what what did they just say Yeah exactly And then you had the first thing that comes to mind You have to say it Yeah Now I have to ask are you a lip reader I do Ok But let's test it out Yeah Let's test it out Stand by We'll be we'll stand by We're gonna be there for a minute Um But uh what other question So I was going to talk about acting So you know what my career flourished during this whole self tape audition uh phase Uh So when we of course went on lockdown instead of going to the casting offices you set up your own studio in your house uh You can read the scene like three or four times if you want and send the Academy Award performance So like in 2020 I did six films 2021 7 films 2022 9 films And it's all because of the control we have now with the self tape auditions I absolutely love it So the actors that embrace and love that they're working Yeah that's awesome Um Is there any um any any of the uh information or support or advice that you can give our viewers that are aspiring to be actors Uh you know how they could handle that Like you know what my secret is So during the pandemic I started a practice And what I do is I would wake up early before the family when the house is super quiet and I would do a devotional like our daily bread And then I would thank God for all my blessings because there was so much chaos going on guys You know we had uh the pandemic we had COVID we had riots we had people dying But I tried to stay in a positive state of mind in in a gratitude state of mind 24 7 Just totally being thankful And when you're in that state of mind this is you Yes just being just being positive then amazing things happen The consistency of it is is really impressive I think what's amazing is uh one having you on our show and and two just uh just the amazing Oh I 00 OK OK OK OK So this is playing music and I gotta read lips Oh we got a lot of things going on today Um Before we get to hearing things we got the film festival going on uh tomorrow the 19th with um can you hear me when we were playing Um and and yeah OK So let's start Thank you much Hold on one The the schedule determines that we have to dreams do come true And on November 19th you'll see my show on the big screen at L A Regal Cinema Charlotte Chronicles is coming to a screen here in Los Angeles And we're so excited The cast and crew is beyond over the moon We hope you join us on the 19th Coming soon for Charlotte Brown old sleeve Kira Reed Lorsch which rhymes with Porsche Thank you so so much I am over the
