From hot spots to hidden gems and lots of local flavor It's L A the unscripted way and tonight Love is in the air Hello and welcome to L A unscripted from the beautiful Deano Gardens in Los Angeles Now it's almost Valentine's Day So we've put together all of our favorite places where the focus is on Love So take notes if you're looking for something special for that someone special I'm Morgan This is I'm Kelly and we are the owners of Cuba's hot dogs which our grandparents started in 1946 So if you came here 40 years ago you almost feel like you're going back in time Well I was like roller skating every day and I you know I worked a lot of shifts in the store and I just thought oh man I wonder if I could wear my skates while I'm making hot dogs And so then we got the idea of like oh what if we could do car hop service And we had our first car hop Valentine's Day weekend We posted a video about it and it went viral just like curbside if you go anywhere else and do curbside but you know we're on skates so it's much cooler Yeah Yeah Super COVID You can stay in your car the whole time and just watch us cruising around and having a good time Ok So I have my skates on I will tell you I don't really know how to roller skate I don't know how to stop I don't know how to spin I can basically just glide forward That's a good start That's a good place to start But what do you want to learn how to do How about spin Pick a focal point I look at that tree if you want to look at that pole and you can put your arms out right in front of you So you're going to open them like a book Um But if you really want to know how to stop quickly so you have to be able to go backwards So I go backwards and dig in Yeah not that graceful OK So I can spin I can stop I can skate backwards How do you do this and serve hot dogs Well let's show you two I think key things to remember here So what we like to do is you grab the tray and you actually keep your thumb on this because otherwise this will slide around And we learned this the first time we did car hops the hard way you don't want to put drinks on the and then the third tip don't go too fast Ok Who wants a hot dog and a Coke coming up We're having a blast So hopefully we can just keep it going for Now We do car hop service every Thursday Sometimes the times change at the location only at the location If you follow us on Instagram it's Cupids underscore hot dogs or on Facebook That's a great way to kind of stay up to date We do classic car shows so we really try to utilize our parking lot and do a lot of fun community events OMG Tis the season Happy Fall Troy Thank you for having me here Thank you for joining

made sure that they are super pet friendly because we love we love pets So the fabric of course the finish is a peach skin finish That's why it's so soft It has a 1500 thread count level of softness but it's a very durable fabric And so with the pet hair pet hair doesn't weave itself into the fabric like a lot of times Ok guys we want some cookies Oh it's a Valentine's Fortune cookie Yeah So everyone needs to read is on the horizon You have a problem I'm not wearing my glasses Don't be afraid to smile You never know who's falling in love with it You know Karen while we think about a red hot Valentine Gallant time we don't always like to be so hot under the sheet Exactly Exactly And that's why peach skin sheets are perfect because hot sleepers will sleep cool and cool Sleepers can sleep cozy Everybody's happy And Karen you know it's funny and I can say this because all my very close girlfriends know my husband but he actually noticed that our energy bill was lower because because you it's true true story because you spend you wash it less right And you have to wash Very true That's very true because you know that's one of the environmental factors of our product is that you do not use as much you know energy from your dryer because they dry so quickly Oh my gosh it's the duvet I get to do the cocoon now to put this on my bed tonight with a 1500 thread count level of softness You would think they're very expensive They're not they're affordable luxury You collect the color So let's be real None of us want to break the bank on sheets And Karen talk about the pricing What is the starting point of peach skin sheets We designed these sheets be priced under \$100 And so our sheet sets start at 75 and that is for a complete sheet set And Karen you have a very special top secret VIP style smart code for us Yes I do Everyone will get 20% off all of our regular priced items with the style smart and it was originally set for February 4th through the 14th but with National Singles Day on the 15th we're gonna go ahead and extend it through the 15th They make a perfect gift because for a couple of reasons first of all sheets aren't something that someone runs out to get you know like on a whim or it's at the top of their wish list also with our sheets it's the gift that the recipient will thank you and think of you when they go to sleep at night and then every morning that they wake up they're going to be thanking you So you know it's a great reminder make it a peachy gallentine Now we're in the middle of a pandemic You say it's a single person's market Some people would say otherwise why do you say it's a single person's market Because now more than ever people are being confronted with the fact that you know they may be alone People are spending more time at home and more time to look and see what their actual
