

Woman Who Accepted Marlon Brando's Oscar Faked Native American Heritage

The Joe Rogan experience Marlon Brando Oh yeah they had little g little gay parties Little gay Oz Watch shut parties I'm sure he had a lot of that Goddamn it I forget what it was Now that Brando fat £300 Marlon Brando fat £300 to an island and that was it I'm not gonna get it It'll come back once you stop thinking about it it will What is what is that when that happens That weird thing So your brain just stops thinking about a thing you were just thinking about No I saw a study man and I can't name the study I should probably shouldn't quote it but now I remember what it was there It is Thank you This is what it was Marlon Brando when he won the Academy Award did not accept the Academy Award Instead Had a native American woman go up there and accept the award and it turns out she wasn't really native American What Elizabeth Warren Elizabeth Warren went up and accepted his award It was she was and her fucking sister ratted her out I believe it It'd be your own people that he but she's beautiful I mean like and she's probably crazy Um But if you uh find the video it's kind of funny because like accepting the award for Marlon Brando and she goes up and talks about I think she talked about native American genocide She's a fake Native American She just made it up She was just she changed her name like the whole deal What was her name Did he know Sheen Little Feather She just comes up little feather He didn't know he's Marlon Brando He's on an island Fucking everybody that moves So this lady was not Native American at all So the look at the Academy Award what's that I heard the Wikipedia says she's from Oxnard Wow And her sister was like you bitch you're not fucking Native American Imagine like your sister is crazy and you hate your sister and you're always fighting And then one day you see that bitch at the Oscars telling everybody she's an Indian But yeah but but how she fooled everybody she don't even look native Well watch watch her talk She kinda does She kinda does I mean she could be get to from the godfather Hello My name is Sashe Little Feather Apache and I'm president of the National Native American affirmative image committee I'm representing Marlon Brando this evening And he has asked me to tell you in a very long speech which I cannot share with you presently because of time But I will be glad to share with the press afterwards that he very regretfully cannot accept this very generous award And the reasons for this being are the treatment of American

Indians today by the film industry excuse me and on television in movie reruns and also with recent happenings at wounded Neath I beg at this time that I have not intruded wounded knee was quite a long What is that before that Why did you say recent happenings at wounded knee There was a protest there Oh Right right Right Ancestor dispute here like after after her death though which is kind of oh that's when she got busted her biological sisters Rosalind Cruz and Trudy or Landy who say the family does not have native American ancestry Keeler writes that the sisters state that their father who was born in Oxnard California was of Mexican descent and had no tribal ties Nor was he related to the Yaqui tribes of northern Mexico Furthermore Cruz believed Little Feather fabricated a native identity because she thought it was more prestigious to be native American than to be Hispanic Keeler searched records for Little Feather's family going back to 1850 did not find evidence of native ancestry So she got away with it Damn little feather walked So Rachel Dolezal could run Yeah Well you you know back then there was no social media like your friends from college couldn't tweet and go What what the fuck are you doing You know that's one of the things that happened with Elizabeth Holmes that lady who ran that Frano scam who created a fake voice scammer her friends from college Like why is that bitch talking like that Let's call each other up Have you heard her on the news Why is she fucking talking like at a party like Tale and then she she gets on the on the stage and she's like we're really excited to bring you the most amazing blood data research from a drop of blood
