

Bert Partied with Stylebender After Saying He Could Beat Him in a Fight

The Joe Rogan experience I used to say that I I think I could beat up a style Bender If we were drinking we had to drink the same amount of beers and then get in the cage we each had to drink 12 beers and get in the cage and and I it was a joke It was a joke I was fucking around with Tommy I never thought I never thought I'd meet style Bender I never thought that motherfucker rolls up to my show in New Zealand and and first of all it's way bigger than you think he's bigger than you think And his and his hands are huge and they're soft And the first thing he does Joe is he grabs my arm to like dap me up and he throws a knee and he grabs him by the back of the neck and he goes do you still think you could fuck me up And I'm like I'm so sorry I'm so but you know what you know what that guy is the coolest motherfucker like the coolest I mean he's one of my motherfuckers where I go he treated everyone as if he wasn't the middleweight champion of the world He treated him as if he was just some guy that was into comic books and and into into anime And he met Jared Hess the director of uh Napoleon Dynamite was at my show and uh he geeked out He was like oh you did Napoleon Dynamite And Jared Hess is going this is Israel AANA like holy shit And then and then Joe and uh Izzy I'm sorry if I tell you I talk too much sometimes I we end up at a bar at like three in the fucking morning and he is I'm I'm fading I don't know if he was drinking too much at all I don't even know if he's drinking it and but we're we get pretty we get pretty lit in a bar at three in the morning in New Zealand and he stands up and I stand up with him back to back shirtless both of us And we challenge everyone in the bar to a f oh You have it Oh This is what are you challenging ever in the bar Who won it What are you doing Challenging a bar to fight This is in another country in another country We were fucking dude This motherfucker is the coolest guy in the fucking world He goes he's dead He is he stands up and he goes how who has that He's one of the coolest guys that's ever looked at his Twitter it's on his twitter Oh look at this He goes he stands up and he goes his first words out of his mouth I'll kill every motherfucker in the room for this man right here So then you know my shirt comes off I go I'll kill I thought we were doing a Steve Harvey bit You ever seen Steve Harvey Talk about his wife No Oh it will make you cry because I know how much you love your wife You know his his his wife's name is Marjorie is I thought

style Pender was doing a Steve Harvey bit because Steve Harvey has this moment where he's doing an awards show and he hears a song and he goes oh I'm having me a moment and he goes that's our song and then and then it's and it's it's a cool moment He goes she's mine I oh this is it this is it this will make you cry man I I mean I get emotional watching this and that's me and my wife's song too I met her at 8687 when the song came out Then God gave her back to me in 2005 I put her name on the back man You you understand me That's mine right there Yeah I own you and you own me I will kill everybody in here about your ass Please understand that about the way I love you Marjorie Elaine You understand me I kill everybody in here I swear to God I thought he was doing I thought he was doing it He he he goes ask the Lord about me Fuck you motherfucking idiot That's hilarious So you thought Style Bender was doing that Cause Lean sends me Steve Harvey clips and she just sent him and I thought he must have seen the clip It must be going viral Ah So I thought he was doing style bender So I go I can't have a motherfucker in it He's mine and I'm him we started going I thought he was doing Steve Harvey And so and then we start going table to table Joe We go table to table challenging motherfuckers who wants it Look these look at these big dudes behind them These big samoan guys were like who wants it Who wants it And then I ended have gone horribly wrong I was I was challenging the female tables exclusively What if there was rugby player He's the middleweight champion of the world I'm gonna stand my fucking ground We ended up we ended up buying the whole bar shots Oh That's good Three times Who filled him up Fuck round him up in a drunk place It was and then he text me the next morning like like boom he's out he's out He didn't I don't think he drinks it as much as I do And that that dude I'll tell you I'm gonna ride or die for him He was the nicest we sat and talked we just talked about like you know something really important in life is celebrating like celebrating victories And I love the way he does that I really do when he has a victory he goes on like a celebration tour and he and and I feel like the the univer universe then fucking is set right
