

## The Legend of Joe Greenstein "The Mighty Atom"

The Joe Rogan experience Did you see the guy the samurai guy on um what is it Stan Lee Superhumans You saw the show right Where they where they shoot the pellet gun at him and he with the samurai saw he cuts it in half Yeah Yeah You see that There's slow motion So the guys that's it I think it's 500 ft a second The the gun shoots and he's just standing with the source and as soon as the guy shoots you see him cutting it and he freaking hits the palette You look it up OK We'll find that Yeah Oh look at this There we go OK Oh That's insane How great is that That is insane By the time they moved the sword into position the pellet would have traveled past them Wow And then he finds the pellet sliced in half dude Yeah There's people like that out there This is over and over and over and over again There's this guy who comes to pick somebody up for an interview and he's on a tandem and he's blind What And he picks the the interview up to Stanley Should you go Oh yeah like a location And it's and it's just and they bring him to a different city so he doesn't know anything They put him like in the front of a phone booth and I'm not talking a phone booth I you open up and you see the phone he goes that's a phone I go ok There's a car that's a trash can That's a smaller car Yeah just by making sounds dude So people out there man I love that kind of stuff Putting plates to your head Did you see that ceramic Anything Doesn't matter doesn't need to be metal wood with his mind He can wrap grab anything and attach it to his head What Yeah it's also understand this how he said his mind will trap it and then he does with ceramic plates It's it stays it sticks to his freaking forehead It's not a trick It's not a trick Now this the scientists are literally going after him but it's the same with the Joel Joel Joel What's his name Greenstein Did you ever hear about him Oh dude the the mighty Adam No you never heard about the mighty Adam No Hallelujah man This guy 100 £30 strongest man in the world People go uh right Six of 12 pennies He'll bite in half bite straight through you go No it's not true No no no He has dentists and co and and uh and doctors they they writing they're writing uh uh journals about this guy because it's impossible what he's doing You give him a horseshoe and he says what size uh what uh form you wanna have The question mark He goes like he says he becomes one with it He can he says I just become one with the metal He just b be in front of his face Look at the guy Joel uh Greenstein the mighty the mighty Adam So what is this from He stopped the plane 28 Yeah The he's fighting This is in the time when the nazis came and the propaganda and this was in New York and

there's this article about him a newspaper article that the police says we came there to save the crowd from him not to save him from the crowd because he was tearing those Nazis and new A new one Wow Good Started wrestling Left Poland for the United States I'm gonna try to find it It's just a bunch of articles about him but he bit through nails broke chains and held down an airplane with his hair Yeah So about a guy tries it He freaking died His assaulted by six men sent them all to the hospitals handedly beat up 20 nazi sympathizers Wow dude they shot him in his forehead like a 22 because the guy was in love with his wife and he wanted his wife didn't penetrate the skull Jesus Christ So here's this is at the very the old language I I just gotta do some talking have audio I think the nail is through the lumber Let's examine it He used his hand to put the nail in wood Whoa what's this So he's bending nails with his teeth He bites through him Look what the fuck dude I read his book the same as I said Clean Living No smoking no alcohol no squandering your life nights by playing cards in stuffy rooms and keep oxygen out of your lungs and inhale monoxide and dioxide and get cancer of the lungs and also weak heart and heart attack and caput whoa weird Do it His book It's it's insanity And then you go like there's no way this is possible and they go to an a dentist and he checks out his teeth and while he's doing it he bites the metal thing that he's in his mouth bites it in half And the guy writes about that What are you gonna do against a guy like that
