know if they if they have like um a a page like a Facebook page because I get the two same things all the time I'm gonna say yeah there is I mean I don't tell people you say it into the mic sorry they say Lanny or ready What else What else OK And then they say team Lisa So those are the two things I get wherever I go I was in Europe I was in Europe for about two weeks and I met people from all over the world like they're just saying these two things It's interesting Ok Um now I I'm guessing what people ask you is have you been fed today Oh yeah someone came over and gave me crackers They were so concerned Did you accept said crackers I actually have been eating nonstop I've been very pleasant I have to Yes I'm glad we kept you well fed at Provo Khan We would not do it any other way Um What about you Jen What was the question at the end of Ravosa way when people have come up to you And is there one thing they say the most Oh should I say what they say Let me just say I feel the love I feel you I appreciate you Um I hear you and and I and thank you and I'm listening and I'm going to choose my friends very wisely beautiful Um Now Anne Marie I have a question for you my dear Yeah So um we're gonna see you first in episode six of the season which is so incredible So what are you more excited about seeing you know yourself on the big screen or meeting literally every single Bra ve lebr in one weekend or both Like what's it like to be at Bravo Con before the show is no Exactly So like you said episode six So I'm like I'm just so humbled and excited to be here because you guys haven't even seen me on the screen yet But it's it's really cool how many people have come up and been like oh my God we we know you and we know this about you We know this about you and we know this about your husband We know this about your kids And so it's super cool that people are like already looking into who I am and huge shout out to like raise of hands who is in health care Yes like all the health care people are like I'm a nurse I'm an advanced practice nurse I'm an RT I'm this and I'm just like yes shout out to the nurses and everybody Yes it's awesome Yeah my fiance is a nurse and I know that it's very difficult So thank you Thank you to all the nurses out there Um ok so I wanna ask you know this is all about east coast and west coast housewives So I wanna know you know talk about some of the differences between the coast Um So what do you think are what is the biggest difference between being in East Coast Yes And west coast housewives The weather Oh yeah let's talk about the weather I love Miami I think I don't I feel like Miami is just like it's its own thing It's just it's not it's not a coast it's just Miami Yeah it's true It's it's not even a state it's its own state Yes I feel like just being a New York housewife

is different because you're dressing for you're going to the Hamptons you're going you know out in cold weather sometimes it's hot weather So I don't know I think that Yeah Yeah But half my cash just takes the train We're just super chill We're not over the top and like we're just I don't know we're laid back cast you know even Uber said that she's nice to Erin sometimes and takes her on the train and I found that very funny I was like oh they're bonding How sweet MT A going your way So sweet Can you imagine being on the subway or on the train and seeing one of the housewives every day to take my kids to school every day It's faster you got to get to where you gotta go New Yorkers are always in a rush and honestly I don't get this warm welcome on the train at all People are actually pushing me and telling me to move out of the way So it is a complete it is night and day Yeah Now which coast do you think of housewives uses the most glam There's I would say Are you kidding me I don't want my hair in a bun I'm so sorry I'm so sorry Has anybody met Derek Kley Like are you guys kidding me There's no are you kidding me Are you kidding me We live in Beverly A ST I don't oh my God No I actually I actually can do my own makeup Amazing So I don't always use glam Uh but when I do babby where she she's amazing She does my hair Can you give a shout out to Bobby right there She's the best But what I don't have like her and you know I I actually like to do my own makeup So I think probably west coast because they're all everything is glam They they travel with the glam team We we live in Beverly Hills Like I like not that I do go to the grocery store but if I did go to the grocery store like you know you see at the grocery store in L A you guys like you go to the grocery store Oh no no I said I Instacart I don't go to the grocery store but I'm saying if I did go to the grocery store like I don't I don't want to name drop but like if you knew who we see on a daily basis in Beverly Hills it's like maybe they're saying that about you OK they're like oh we're seeing housewives at the grocery store We got to get our glam on
