I gotta say love is in the air and I am feeling it especially because of who I am joined on stage with me One couple we saw Tie the Knot on TV and the other Well there's a white chapel right down the street I'm just saying please join me in welcoming Dolores and Polly and Amanda and Kyle Hey guys So it is day three of Bravo Con you have endured How are we feeling Dolores How are you feeling I'm feeling great It's our one time to give back to all our fans that support us so much I call you friends I never say fans but I love you all Thank you Thank you And it's Paulie's first time on the stage Polly Your first time How are you feeling A little nervous to be honest but everybody is so nice Yeah absolutely And our vets of love Amanda Kyle How are you all feeling What did you do last night Vets of love That's a new one I love that we didn't spend last night together We slept in the same Bible We hang out in different places I can't handle him for that long Well speaking of giving back I gave my voice to Omnia So sorry if this sounds a little scratchy Oh I love that So you separately hung out What was on the agenda for you I had to divide and conquer Sometimes I was at Bravo after dark I was celebrating Paige's birthday Give it up for Paige's birthday It's good to miss each other once in a while Oh is that the secret A little bit of mystery We spend all day every day together We work together We live our office is across from our apartment So it's very important that I get away from him whenever I can That's true love Now Kyle is there a Bravo celebrity that you met this weekend that you've never met before Of course Um I'm trying to think if there's anyone in particular Um You know what I say I I have met her before but I was so happy for Vicky and the award and the the compilation video they made of all her her her moments over the years So it was good to see her again But yeah I'm meeting tons of people for the first time It's aren't you guys It's awesome Dolores Polly What about you I got to meet the New York Housewives who I wanted to support them They're doing great It's their first season They really had no peers to follow through on the show and they did a great job Um and then I love you know to see let's see who I know pretty much everybody by now So yeah Oh yes Polly What about you Did you meet anyone special I just met the whole Bravo team I'm like these people are on my TV This is crazy I can't believe I'm seeing all these people He starstruck a little bit I'm so I mean it's a lot to

take in I really am Now do you all watch each others shows Have you all met before we've met But yeah I watch of course I watch the show Oh my God It's craziness that freaked with And Paulie and me watch what Salt Lake City He gets a kick out of Mary Cosby He's obsessed with Mary Oh my God Well I'd love to know what have been the biggest changes from last Bravo Con a full year has gone by What have kind of been those big moments the big updates updates on my life Come on Dolores We want the T oh my God Well no You know Polly and I are moving along in a in a positive direction and and we're great There's not a lot of things that are different time goes by so fast that you don't even know what's happening Changes I mean I'd have to think about it you know But but our show oh there's changes And Kyle the Mullets let's give some a round of applause for the mullets I'm ok if you want to do it I see Darren over there Look it's a it's a lifestyle It shows me the mullet comes with a little bit of a stigma I'm not going to say but you rock it You're handsome You're you're cool He looks cool He looks cool This was his midlife crisis and it's not permanent It could have been a car it could have been a boat It could have been a lot of things I know It's like Ferrari I'm dealing with it I would have took the Ferrari Now Dolores What kind of stigma do you think Polly could pull one off A mullet No What what Pauls are like a little hoodlum from Ireland So what would you pull off Paul No No Now I wanna kind of go back to what you all said about dividing and conquering when it comes to trips Do you all like to have girls trips boys trips or Do you wanna have one big group together Both Yeah Yeah I I like both when you're away with good couples that don't fight and they're fun and they're easy Yeah that's a great couples trip A girls trip You know you always have sometimes that one girl that's a mope and she's gonna be crying for no reason She's gotta ruin the whole thing I don't I don't tolerate that My favorite thing about summer house is that we get to go out together As a couple But then I just hang out with the girls and he can hang out with the boys So you get the best of both worlds Yeah We're not like attached at the hip hip Like we can you know we we we see a lot of each other So when we when we hit the summer house of the Winter House it's a fun time to kind of unite with friends and get into some shenanigans Oh you get into it all right Listen And as you all have been kind of walking around the Vegas Strip what's one thing that maybe fans have said that you are kind of like Oh ok That's different Oh I have one for Amanda Yeah Routinely every other minute Oh my God You look so much prettier in real life and it's like that's like a compliment my dad would give Like it's kind of like a backhanded

compliment I think everyone means well but it means well Oh you're so much smaller I like it Yes everyone's been so nice I mean I but what would you prefer You're so much prettier in real life or you Now I'm worried that I'm looking real hungover and tired on camera Oh you are Real life is better I think Yeah I think real life Trumps Real life Trumps Have you all been betting Have you been going to the casino Do you have any lucky charms I'm lucky charm You know what I said Paul Just give me a bunch of money and I want to put it on one number because it's not my money So I don't care And that and he's gonna do that So I'm not getting that Ferrari What's the number Oh Polly Do you have a lucky number Uh yeah I do 77 What about you Amanda I'm seven and 24 It's my birthday Yeah Kyle 69 Is that even on the roulette table I didn't think so Kyle was always gonna give us something to put on a T shirt Absolutely I kinda wanna move on into really learning about some secrets to having a successful relationship I'm a single girl I wanna learn from why With a choice I'm sure Listen it's rough out here on the apps Ok Stay off the apps Well you don't settle That's why that's it I I don't settle Dolores We gotta talk more about that
