

## Sonja Morgan: "I Don't Fool Around Where I Work" | BravoCon 2023 | Bravo

Luian Antonio What was it like filming crappy lake together I mean this is a little literal fish out of water What were you worried about Kind of going into it Definitely fish out of water and I got the fish out of the water with my bare hands Thank you for it So he was not catching that fish That is for sure not And I wasn't eating testicles Yes I had to do all the testicle lifting Really Not that day And it was great We had a great time together I mean the townspeople were fantastic Uh The Ben Motel you say townspeople Yes the village people sound better No the townspeople I love the people from that town They're the sweetest They're building an addition on the motel now Um It's sold out through next year So I have a question Sonia have you kept in touch with the man that you met at the bus The problem is if I text you you need to be there in 10 minutes right This guy drives his truck all the way from Florida anywhere and he always brings his dog So I was like ok I thought he was from Louisiana He does not come to New York He does not fly Oh who can do that I mean I'll do almost anything but I'm not gonna do somebody that doesn't Tresa Mis would you stay in their hotel Would you stay in Lo Anne And so's uh motel in the motel room Yeah that was that was a small room for we filmed for six weeks that show So we were there quite a long time and um but you get used to it You know what I mean It's like it's like shook her head No it's kind of like you get used to it after a while You do get used to living out of a suitcase actually And I've been doing that for years now Would you three go to Crappy Lake Would you catch a catfish I'm from Illinois So I'll go yeah I might want to see it I'm a little bit scruffy I'd go I noticed that Shannon Bodo is a little silent over there I just I would go but I would not be involved with a testicle or a fish No testicles or fish for Shannon Um is there any franchise that all of you would love to just like drop in for like a week I'm not even talking about being a permanent cast member just like I want to see what it's like to be a Beverly Hills or a southern charmer for a week I always answer if people say if you wanted to go with another franchise or who would you want to do something with I say Sonia Morgan because she's a kick in the pants So if I could ever go to the original Real Housewives of New York I think that would be yeah we love you I love this Vicky I I wanna go to Miami Miami is so sexy I love the boats and all the water and the people and the culture I wanna go to Miami Tam

Tam I'm going to New Jersey because those girls know how to fight I it's blood over there I know I'll fit right in You'll fit right in perfectly Luanne Sonya Where are you guys dropping into I would go down to uh Southern Charm I'm very good friends with Patricia Als way before we were married So I always like going down there and then I want to see what those guys are up to Wait wait wait Sonia Do you want to hook up with any one of them Oh no no I wanna keep it friendly I'm friends with Craig Even Austin Austin Yeah No I can't anybody like that No because I don't fool around with coworkers The universe is large enough that I don't have to do that Does anyone in the audience believe Sonia when she says that No Did I sleep with Paul in this seat No we slept in the same bed I didn't have sex with him Oh ok Bravo and Vicky and I were out with you that night I stayed with Paul So you live that way And we're going to the hotel this way And I told Paul one sheet up one sheet down kept it PG kept it PG I just I don't fool around where I work Leanne Where are you dropping into I think I'm gonna go below deck but stay above the deck and maybe you know go below deck with Jason Oh my God I hope he's not watching Oh I'm gonna make him make him watch Has a huge crush on you So don't worry Oh I thought you were gonna say something else I knew this panel was gonna pop off at like 10 a.m. Before we get to our game I just want to know this is Allah not to Vicky here But what lifetime achievements are you all most proud of during your time on Bravo Uh Vicki let's start with you Well when I started filming and we had no idea it was gonna be this 18 years later So I'm just proud of you know every year I gave up my all you know whether it was a good year or a bad year you saw my tears you saw my laughter you saw my stupid falling getting him had with a football like but it just I I'm proud of every year It was just seeing my life evolve into where it's at now who would have ever thought that we'd be here So I want to thank you all Thank you all Leanne What about you What are you most proud of on your time on Bravo Um You know that I managed to raise two healthy Children through the whole process You know Victoria Noel and you know to to uh grow up on reality TV which they did as teenagers you know my son is still not over the skateboarding uh rap you know thing that he did on the show He's so embarrassed by the break dancing that you know in Victoria the etiquette lesson at the Hampton Classic Remember with all her girlfriends and um so you know I'm I'm proud that I've been able to manage all these years and have terrific Children and still have a career in television you know at Bravo So now crappy Lake and then you know and then of course building a

cabaret career out of this whole thing So Shannon pick one moment for me you're most proud of I mean I would say the fact that I can watch my kids grow up too because my twins were nine and they just left for college So and and to go through a lot of life's challenges with me like infidelity and incredible weight gain and see that I got through it So because you're a human being at the end of the day and we all actually go through that stuff Let's not forget there are reality stars but they're also human beings And you know for the parents on here it's cool So you guys get the coolest home videos of your kids That's what I was gonna say So for me I just love having all the memories documented for my kids being on early in the the franchise to my proposal in Bora Bora Yeah being baptized my granddaughter being born like all these great things and now it's gonna come full circle because my daughter is gonna film next year That is h are you giving her tips Don't make me look bad Yeah Sonia any one moment for you that kind of pops off in your mind Well when I first came on I was in the middle of my divorce right So I was trying to find my footing and how was I going to re invent myself and be independent outside of my marriage and take care of my daughter obviously who I'm very proud of She graduated upenn Suma cum She has a job in West Hollywood a good one in finance but I would say I came on not knowing how it would fit in because I did turn it down when it was just Jill and I starting out um uh New York City moms or whatever it was I I didn't think I could handle it And then Manhattan moms decided to join Real Housewives of dot I'm like what the heck going on here I thought it was just an Orange County and then they came on it was great popping off And and so then when I saw how well Luann and Ramona were doing and how they handled you know raising their Children in that climate I was like oh I have to go back and ask them if they're still interested Besides I wasn't getting any divorce dollars So I I came on and I was friends with all the girls real and they were there for me but I was getting a lot of about you know you're not a businesswoman particularly from my friend Ramona but she'd always be like Sonia I have to talk to you You have to have a Instagram a checking account and an LLC I'm like I know bitch I have five llcs leave it up to Sonia for me to ask one moment and she just ranted for like eight minutes I look at her everyone So I do have an FM brand I have a fashion collection at Walmart I have my comedy tour one but I'm not having swipe up right here for 20% off Yeah Right Exactly You get a coupon and you get a coupon
