

Amir Lancaster Explains Why He's a Man and Shep Rose Is a "Boy" | BravoCon 2023 | Bravo

How does being on TV Amir This is interesting for you because you have a girlfriend How does being on reality TV affect your dating life I mean are you worried ever that someone's going to slide in and be a fan Is that weird Like how do you kind of navigate that Um Honestly yeah it's it's it makes things a little bit tough It muddies the waters for sure But I would say I'm a good guy and I know my girl believes she's got a good wo uh a good man not a good woman Um And so honestly at the end of the day it's about establishing that trust and she believes that she's the person for me I'm currently working on saving for a nice rock And so um it might it might make things hard but if ladies you got a good man he'll make it worth it A sentimental shep What about you I had to pivot away from a it's totally insane It's totally insane It's a look inside of all men Unfortunately Sorry is a 14 year old boy that wants the pretty girl to like him and he and um you know when you're on TV like you know however valid or invalid it is You're all of a sudden like invited to the party that you always you're the 14 year old in your brain wanted to be at It's screw it It messes with your head I think that's the difference though between a boy and a man is the fact that I want my girl to come if this man wants every single one of you to be in his DM So that way he can feel validated I don't care I want to go home to my person and she says I look sexy as that's the only validation He's pandering He is pandering I'm here now You're just doing you're just trying not to get killed I mean I feel like go ahead You know what I gotta say something because I came in here I feeling so confident I had Moxie I had chutzpah and then Amir looks at me he sizes me up He goes nice Canadian Tuxedo and he just tore my world apart You thought you were wearing black jeans But yeah exactly This actually leads perfectly into my next question Do you think you guys are bigger pot stirrs than the girls on Bravo I love I am the straw I'm spoon I am everything double You are the finger that is stirring that pot and then I taste it and I look back and I go damn that's good Gumbo Carl What do you think Um I feel like it I mean on our show I feel like it's 5050 I think equal opportunity after you've been on it for so long I mean it's just hard not to stir like it's just it's what happens I think the guys get away with it a lot more than the girls do Right Have you ever been in a house full of women who all have very strong opinions Um yes I'm a lesbian Yes I have That's
