then I got here dumped the suitcase out and put some together Well I heard the new housewife Bryn got her heels stuck in an escalator right It was incredible watching the heels I mean I saw the picture It was like Kenny gave me like um vibes like uh the the wicked witch of the west and the he got stuck in the thing but be behind the scenes for me when I walked in I saw Erica Jane like first and she goes Captain Jason from below deck is looking for you I was like he is And what do we think about that Well I think he's hot So the weekend's not over yet Yeah this is a jam packed day Vicky Yes ma'am Vegas I mean like first off you're you know you're an OG of the OG of the OGS So tell me what kind of seeing this whole I mean you've been on our TV screens for 18 years I mean talk about the full circle moment of Bravo Con for you and getting to see it all kind of pay off at Bravo Con because the energy is just amazing here Well I think you guys some of you haven't seen Yeah but Sunday night tonight we're gonna air watch what happens live where I get my wife time Achievement Award at the Bravos The Bravos Yes And um that was truly emotional seeing all the the tapes and all the clips of all the you see her casting tape you get to see the first sizzle of what was very emotional for me It still is when I think about it So don't ask me any more questions Collective sigh from the audience Now are you ladies gamblers You casino I work I'm not giving it away to these casinos By the way I was surprised I saw Jeff Lewis in the casino playing that What do you call it Yeah Wait wait wait wait wait wait wait still do that Jeff What does he get drinks when you do the slots So I might do that tonight to the surprise I have not gotten drunk to go to the petty slots There's something super bravo about watching Jeff play the slots at like 4 a.m. in a casino He cried I play blackjack That's my game No it was in the daytime If you didn't hear that Tamara just said Jeff Lewis was the one to crash her party So he walked in and said I invited you to my party Why didn't you invite me to yours And I go well I just thought you were busy Yeah that's a classic I just thought you were doing something I love Jeff So he was welcome Well one thing about the Bravo verse I feel like is so unique to our network Unlike any anything else is like all friends were all family We do crossovers We watch each other's shows Tell me what Bravo show you're watching right now that you're obsessed with Shannon Bedo I mean anything below Duck Because I because I grew I grew up on boats You grew up on That's right Do you have a favorite of all the below decks I mean right now below deck Mediterranean is on So it's whatever's on I watch Captain Sandy She's my girl Vicky Are you watching any Bravo right now Sorry I work I really don't watch TV

Sorry I work till seven or eight o'clock at night and then I'll have a little bit of something something and then I'm gonna try to be in bed by midnight I it's just not in my gig right now You need to catch Sonia and Leanne trying to catch a catfish because that is that was the best really kind of amazing Tamara what are you watching right now Well I watch them all because I get paid to watch them That's nice So I watch all obviously all the housewife shows and watch what happens live Uh Miami and Salt Lake City guys Are they not amazing It's spicy I will say the reunion this year That backdrop of that be oh it was gorgeous Gorgeous All of you looked absolutely insane It was like it was wonderful Did you guys watch that That was truly gorgeous But it was also a little bit distracting because every once in a while you see a bird fly over your head and you're like you like is this a live feed or what's going on Sonia What are you catching on Bravo Well as you know I don't watch TV but I'm obsessed with the Southern charm group I I feel like I'm part of the guy group Yeah you are Of course you are So that's how it works I like I've been I just started watching Beverly Hills Um I started watching Miami because Mary Soul and Alexia are good friends of mine And uh and then of course um I was gonna start watching below deck Captain Jason Yeah Yeah Do your homework Luanne do your homework homework Yeah Well Tamara Shannon and Victor you've been done the Resa Migos You've been having that for a while Sonia Leanne Do you guys have a little group nickname for the two of us Yeah Yeah It's Laverne and Shirley Ellen s you know so so so I wanna I say Mutt and Jeff Yeah exactly Which one's the little one Mutt and Jeff says you're too young You're too young Let's stick to Laverne and Shirley you know a lot of people don't realize though that like these people are actually like friends Like you guys drink you guys hang out outside of the show Like you all you actually are the Trace Amiga How often do the three of you text each other How often is that chain popping off with the three of you We have a group text every day multiple times a day and we have a show in Phoenix on the 15th and 16th You guys have to go It's gonna be so much fun The 16th of sold out we got a few tickets left for the 15th So if you guys live in Phoenix or around there you gotta come see the show here It's forever a showman forever a showman What is something that each of you do texting wise that you guys hate about each other Like do you guys leave voice notes Do you leave voice mail Do you use an Emoji Vicki does the voicemails I never even listen to my voice mail I'm like just text her Why you never called me back I know Tamara doesn't respond right I said sugar tits I thought maybe that not a good thing Could you He called me back God

knows I hate group text I hate that group texting I don't know why I'm not gonna text you and if you get lost you're like it I'm not looking back Lo Anne What's it like texting with Sonia Like talk about your group text to each other Like well if she if she gets back to me it's a miracle I mean she's not a big phone person Sonia she really isn't and only when it comes to business Right Right That's all I do is work But I have to say you're so old school Nobody does that voicemails They're rude We don't even listen to voice I have a lot of audio text even worse Well so if you don't call me back and when someone calls you and doesn't make an appointment oh I know you better call her I don't like an invasive facetime or I hate a voicemail The random facetime call from a friend like drunk right It's invasive Andy loves leaving a voice note He loves it and then he goes on and it's fine but then you have to save it because then I have to write everything down and I just wish it was all written down So you like in person Like to copy paste Oh you like a copy And but I will say we are on a really hot chain right now with the Real Housewives of New York legacy Ultimate Girls Trip What's that Like there's more action on that group than with so that's for sure Well we got Kelly Kristen uh and Ramona truth to me because you guys have your own texting thing But you ever like text on the side about like you're like Tamara's texting Vicky being like uh Shannon today Yes Yes we do It's not just Shannon Vicky It's me It's like hi roll What is she talking about now It's equal opportunity shade between the three of you You think Shannon you feel surprised do it I mean I it's all in fun We all love each other like sisters
