

## The Best Moments From The Real Housewives of Potomac BravoCon 2023 Panel | BravoCon 2023 | Bravo

Giselle fans were very excited when the news first broke of you and Jason Cameron's connection. What was it like having him on the show with you instead of him living in your phone as Karen would say? Jason is an awesome guy. I appreciate the fact that you know Ashley gave me a little wing woman assist. Oh Ashley helped. I didn't know that. Ok. To be fair they had already sort of connected previously at Bravo Kan and then you were just like no no no. I never thought you guys. Oh I thought you had like just talked in passing and then she was like hey can you ask this this friend that I had if he can get the number or tell something like that. Yeah Yes Yeah Um He is a breath of fresh air in my life and and I'm happy that we are in our situationship. Ok Ok Y'all been hanging out this weekend. Yes Yes Ok Ok Was it Luke who helped you introduce them? Yes Ok Ok So we weren't trying to bring up his name. Oh ok Ok Ok OK He's nice though and I like them together. I saw them together last night. Thank you Karen. That was that was very nice. You know what. Let me let me let me do something a little here. Um you two have had a lot of back and forth. Giselle and Karen on the show. Um Love hate hate love. It's back and forth. You guys have known each other a long time. Um it's been a shade fest with you guys since day one between the two of you. Has there been one time where you're like all right. She got me on that read. That was a good one. And what was that read. There have been some good ones y'all. There's been so too many I can't really put there's been a lot there's been a lot. Um I am happy you know Karen and I actually discuss our relationship a lot this season. Um we we we you know we've come to a good place. We don't know how long it's gonna last but it's it's at a good place today. I don't I you know this season very much. Robin and Karen had a lot of moments and it seemed like Karen though. She and I were in a good place. She was she was having glee in whatever was going on in Robin's life. That was not positive. Well oh that is wrong. That is wrong. Giselle. But I will say Giselle and I do go back and forth and we do work on our relationship this year and I didn't I enjoyed it and you know we to answer your question. Uh no Gisele has never gotten me. I don't really think I don't really think I've gotten her either though. Let's be very clear. We have the greatest friend and me relationship on Bravo's platform and I enjoy it and I think Giselle enjoys it a little bit too. But as far as you know my issue with Robin and we did talk

through it and we worked through it and you'll see that you know unfold this season I am going to have my opinion and discuss it with Robin and we will work through it Um And I am going to always voice my opinion because it is my opinion It doesn't mean that it is wrong it doesn't mean that it is right It is how I feel and I have a right to my feelings Mia I wanna jump to you Um First off I wanna ask how are you doing I'm doing great How's your health Health is great Ok good Yeah Thank you for asking You're welcome because you know I'm about to hit you with something I think Bring it on now Mia the word on the street is because you haven't been talking as much as Gordon has and we know the news is out there that you guys are separated but the word on the street is that there may be somebody new in your life Maybe Yes or no Tune in tomorrow at 8 p.m. Bravo TV For me Are we gonna see the man tomorrow You're not Is it a yes or no There's a maybe there's a maybe there's a there's a promise I'm having Right So so if you think about it right So I have been Gordon and I have been together for almost 15 years and we've been married for 10 right So when we are we separated we're legally separated and I feel like I just wanna have fun right I'm outside a little bit You having fun by yourself outside by yourself No with people with a man Um I wanna get we have a new housewife in NCCA Y'all give NCAA round of applause Now something I find Well first off how how was the experience for you Let's just start there How was the experience Susan A it was great I'm a real people person I'm a girl's girl I like to have a good time I like vibes and energy and these ladies really brought it They were great friends We had good times We had some rocky moments but overall it's phenomenal Can you hold the mic up We we wanna make sure we hear everything that you have to say Now one thing that came out in the trailer is and Gisele I'm gonna bring you into this Karen I'm gonna bring you into this as well as you name said that there's a new Giselle said there's a new Grand dome in town right You guys say right It's grand Do excuse me Grand I apologize I don't even know who to look at when I say that Now I apologize Why Because we we haven't had the opportunity to meet you just yet and we will do you take that title on because Heavy is the crown Do you agree with that And why would you say that about you We can't give away to season What's going on Ok Well does she agree Um I think Gisele is a very intelligent person and she did not make any errors in her assessment So um I will allow you guys to watch and see how the season plays out but she she's a very intelligent individual Ok Ok And Karen how do you feel about that Well listen Neca is a really nice person I like necker by the way let's be very clear Gisele doesn't

have the power to crown anyone Anything She couldn't even keep up with every heel Sheri Hello Hi Um Sheri happy to have you back this season Thank you Um I would like for you to give me some insight and to address kind of the elephant in the room Um fans spotted you at a restaurant with Chris Samuel Do you wanna take the wheel Ok That's funny So we live in the same community and we go to a community restaurant It's a local establishment that both of us frequent I was minding my own business going there My cheers He was already there with two friends They invited me to come over He wanted to apologize for some things that were said in the past other people were sitting there Some random person decided to take a picture and we're on a date No he's not my type Sorry Thank you for clarifying that Um something we saw last season and I'm I'm asking because I'm a hopeful person Giselle uh for this next season Do you think it's possible that your friendship with Karen changes And do you think that maybe it's possible that things have been a little bumpy because you guys are a little similar Are you talking to me I'm talking to you Oh I'm sorry I thought you were talking I thought you said g I'm sorry Oh no Ok Well then I got my answer Ok Um I actually like Karen Karen doesn't like me So um I I really can't project the future with that Do you want to respond to that Is that true or not true No I don't dislike let's be very clear But I would like to say this We all know that relationships and friendships have seasons and our season has ended and that's ok and I'm ok with that I can be cordial with Sheri I wish her well but you know I that's it I'm done One thing I know the audience the fans are very curious about is your relationship with Ashley I wanna bring Ashley in here What percentage of the time would you say that each of you are now friends versus frenemies I'll start there as of today or during filming Ok You want to go first go ahead go ahead Ok Um I think right now we stand at like uh I would say like a 70% like 70% like like like like like like friends Yes Like we we didn't speak in the airport when we came here we were literally on the same plane and neither one of us she know who I was And I said oh when I walk to the airport when I was doing and literally like went right around me OK I didn't see you I didn't tell you in the terminal but then but then we fixed it yesterday and we figured it out I think I've been saying all week that Ashley and I our love language is arguing and you know she's a great sparring partner and and II I love to spar with her She's a very smart woman a very intelligent woman So we work it out and you there's an ebb and a flow I think you I don't know We started out ok We went to hell and then I think we come back to to you know earth at some point we really do ebb and flow Girl

We are like we're the ocean the ocean And what was the percentage during the season 000 100% It wasn't it was 100% sure 30% No You guys argued the whole time Did we argue the whole the whole time I say I say like uh uh 30% 30% when you said 30 is that accurate So 70% did I block it out We argued the whole time No not the whole time
