her hand She's great Too long actually Yes But last night I had long talks with I hung out with Candace Sheri and Shera for a while We were hanging out having a long Kiki hung out with um Shep in Austin Last night Kyle had a good time By the way they were a great time I talked to Captain Jason Chambers for a while I talked to um just had some great great chats A lot of good chats with some of the new housewives Tali from uh Dubai and uh our new Potomac housewife So excited about it Now you kind of are known to put interesting people together spark romances You always want to set someone single up Who are you trying to get together this weekend Well here's the deal You know Brynn shoeless Brynn over here Not homeless not homeless Not too not too I mean you know look she expressed interest in Shep on watch what happens live a few weeks ago And I will say that I did tell Shep last night I was tell he came over to me before the bravos and he was like I am stunned by Brynn She's so beautiful She's so tall He goes she's really smart He's like she's a star I go I know and I said she collects books She collects vintage books and Shep is truly one of the most well read people on Bravo So that is a little connection point for you too Ok so update we're actually having a drink before I go to watch what happens live tonight Buy some new shoes new Pump I was like uh because he asked me to coffee this morning but I was getting ready And so I was like let's have a drink but we're gonna I was like we might have to have a drink in my room because if we have a drink at the bar if we have a drink in the bar up on like they're dating I'm like this is gonna sound really scandalous though because I'm gonna be getting ready doing makeup and we're gonna have a drink in my room like this is like now I've called everyone so it's just a drink That's right I am curious Erica You know you're single you're newly single We've seen you married for so long Look at you Uh you look outstanding I'm just wondering is there anyone from the Bravo Universe that you've seen this weekend That time Even not even one of the like boys Yeah I mean but that's exactly what they are That's fun I know they have their use Yeah Tonight has anyone ever said they were good though That they are Does anybody know if they're boys or not That's a very good question You know Jordan you're kind of notoriously single Would you want Andy to set you up with someone and who would you want him to set you up with Because he does have the skill set and for Amir and I I was rooting for Amir and you hugely I think the audience agrees Very hot zone I know All right That's fine If there's anyone else if you think of it give it give it to brains over here You met Luca from below Duck Who is that You might want to take a trip to a yacht take a trip
