

The reason these 15-20 year olds don't want to work for you #garyvee #shorts

The reason these 15 to 25 year olds don't want to come and work for you for 62 K or 40 K is because they can make that much slipping shit on ebay It's because they can make 100 K in brand deals on Tik Tok like that And I'm not talking about Charlie Demilio and Logan Paul I'm talking the millions of people that are making 50 60 70 80 \$120,000 a year in youtube Aden in brand deals on Tik Tok and on flipping stuff And so they're not entitled and over spilt of course some are they're just awake to their alternatives and many in here would be doing the same thing if we had these options but we just had fucking Nintendo and a Walkman
