Summary

In this video, Mr. Burke, who played Robin on Batman, discusses the creation of a special dog food to help dogs live longer and healthier lives. The dog food is non-greasy, free from fat, and made with non-GMO ingredients. They have a feeding and care program that can add 5 to 8 years to a dog's life. Feeding dogs smaller, more frequent meals is beneficial for their digestion. Their dogs and cats are healthy and only visit the vet for rabies updates. The dog food has helped dogs regain energy and vitality. They take no salary from this work and aim to provide the finest food at an affordable price.
