

# Luke Combs on Learning to Play Guitar at 21 and the Moment that Led Him to Music

<https://silosolo.com/850937>

## Summary

The person in the video initially thought their only option was to be a music teacher, but they didn't want to pursue that because they felt they were bad at reading music and math. They had difficulties with sight reading auditions and couldn't read sheet music. However, at the age of 21, their mom reminded them that famous musicians learned to play guitar later in life, so they decided to give it a try. They taught themselves guitar and fell in love with it. They started writing their own songs and performed gigs, which brought them joy and success. This discovery of their passion for music was a life-changing moment for them, and they couldn't imagine what they would be doing if they hadn't pursued it.
